THE LEATHER COMMUNITY: EASIER TO FIND, HARDER TO IDENTIFY.

OFF THE TOP

BY MARC WEBB

In William Carney's classic novel *"The Real Thing"*, the narrator taught his nephew the inflexible rules of early '60s leather culture: never mix brown leather with black, never wear both gold and silver. Carney's hero represented a day

when the path a newcomer took from naive enthusiast to experienced player was straightforward and highly structured. A novice usually earned his leathers by apprenticing to a more experienced craftsman who passed on leather decorum and skills. Today, new fetish and SM enthusiasts must usually find out about this sexual culture by themselves.

"Old leather" and "new leather" are simplistic categories which do not adequately describe the gradual and continuous changes in leather mores throughout the past four decades. External factors have changed the nature of leather community institutions and priorities. When unlimited sexual activity was the focus of gay male sexuality, there were mentors available to collectively codify and pass on the rules of leather culture. But AIDS has tragically depopulated this pool of experienced men who were committed to functioning as community elders. The mature leathermen who have survived the AIDS pandemic often find that their emotional resources are exhausted.

Individual mentoring certainly continues. But the majority of new bondage, SM, or fetish enthusiasts must turn to organizations or the media to learn about their new erotic proclivities. Unfortunately, AIDS has also affected many organizations and leaders. Karen Mendelsohn of QSM, a San Francisco organization which sponsors workshops on SM technique, aptly describes a growing lack of "gateway organizations." As gateway organizations at the local level have waned, national and international groups have increased in strength. This is an exciting and welcome change for mature leather players who have already consolidated their social networks and established their preferences in SM play, but these umbrella organizations cannot tend to the newcomer who is still grappling with his identity and having his first experiences with leather play and SM relationships.

Perhaps this explains the enormous growth of kinky media. Newcomers can find any number of educational businesses, computer bulletin boards, phone lines, magazines, and how-to books about SM. Through phones, computers, and classified ads, novices can in effect mail order their exploration of SM. The men and women who run businesses which service leather people have become invaluable resources. Their income depends on knowing what is going on and how to connect with it.

The proliferation of SM-friendly media has greatly increased the total number of people who now report some affiliation or interest in kinky activity. But such anonymous, private participation also fractures the community as an identifiable whole. We still need to defend and extend the territory where we can meet face-to-face. Perhaps there will always be a conflict in our subculture between the need to be above-ground and accessible to new blood, and hidden to protect us from state intrusion.

Today's gay male leather community, which began as a subculture of a subculture, is of course made

up of many of its own special interest groups. As leather author Joseph Bean has pointed out, when a community becomes very large, dissimilar interests become more obvious than similarities. A new enthusiast who feels frustrated trying to find the amorphous leather community might be well-advised to home in on more specific personal interests such as rubber, slavery, bears, bondage, or raunch. The special interest groups that congregate around these activities are often friendly and accessible. In fact, they mirror the structure of the gay men's leather fraternity in its infancy and adolescence. Among these small groups, the mentoring process is vital to recruiting new members and maintaining group identity.

While there is no single way to matriculate into the larger SM community, eventually the newcomer hopefully finds his path, meets friends and sexual partners, and defines his own brotherhood. Whither the leather community? As always, our future ultimately rests on the collective acts of differently-pleasured individuals. Huge political leather organizations might gradually change social attitudes, policy, and laws, but individuals will do more to make our daily lives safer and more rewarding. This is because the actions of individuals are immediate and measurable. Purchase a magazine, and you can give yourself an afternoon of erotic entertainment as well as increase the market for

fetish publications. Dress in rubber to go dancing, and you disseminate much more than a new look or fashion. Bit by bit, it is individuals who force kinky sexuality into the mainstream by making sexual connections, disclosing their erotic interests to friends, and being publicly identifiable as leathermen.

If large organizations want to foster this process, they have to keep the needs of novices as well as more experienced players in mind. Jaded or burned-out community elders who have retired from the scene might consider mentorship as a rewarding way to renew interest in it. If there is so much enthusiasm for SM activities that one-to-one apprenticeship is no longer feasible, perhaps we should come up with new strategies to socialize entire groups of new recruits. Mindless growth will do little good if a sincere newcomer encounters a baffling maze of discouraging bureaucracy instead of a welcoming hand. Such organizations will soon find themselves with a huge mailing list, but no second generation to accept responsibility when the current leadership is ready to hand over the reins. ■

THE TYPES OF MEN IN TODAY'S LEATHER COMMUNITY EXUDE UNIQUE QUALITIES (KINK!) WITH WHICH MOST NEWCOMERS CAN IDENTIFY.

MALE CALL

Dear Editor:

Drummer will probably be receiving a certain number of letters protesting Guy Baldwin's sane thinking (issue #168). I'm not a regular writer of letters to the editor, but I can't resist this time. I have felt, and I know most guys do sometimes feel, the dangerous undertow of politically-correct currents in American culture, all the more powerfully felt in the gay world, and still more insensitively insistent among leatherfolk. The addiction to mindless inclusiveness and blindered expectations has become a pernicious disease in leather circles, and adherents are proud of their degeneration.

It isn't that hard to think clearly. Not every Top wants to play with novices, and sane bottoms tend to be attracted to experienced Tops. This degree and type of discriminate thinking is widely accepted. On the other hand, if a man of race A doesn't want to play with a man of race B or a woman of any race, he's damned. If a guy likes muscles better than fat, poise and grace better than clumsiness and ineptitude, intelligence better than

cuteness, he's in trouble for being politically incorrect.

Followed to its logical conclusion, this line of politically rectified sex partnering would leave the 100% homosexual, the muscular, the sophisticated, the intelligent, and those generally accepted as attractive by the old, established standards completely unpartnerable. Bleah!

“Let's can the scorecards and burn the notepads.”

To hell with all of it. I play in mixed spaces when I want to, and I'm sick of people getting on my case about the fact that I *sometimes* want to find men-only parties. I play with women at times, but I resent being praised for doing so as much as I used to resent being damned for doing the same thing, before the most recent change in the ever-shifting winds of PCness. I have had great scenes with bodies of several (but not all) colors, shapes, and conditions, but I am less and less willing to take my adventures in public because I don't want to hear the effects my SM pleasures have on my social standing.

We shout for the bigots to get their laws and morals out of our bedrooms and playrooms while weaving intricate webs for our brothers to get caught in. We

are expected to cheer the existence of chubby chasers (but it is politically incorrect these days for that fetish to have a name); we are conscripted to praise the fellows for whom disabilities are turn-ons (but we are never to mention the amputation or other disability involved). I think it is grand that there are partners out there for everyone. I'm glad to see any

rules of correctness. Can't we celebrate the joy each of us finds, even if it is worshipping muscles, two guys of the same race falling in love, or the establishment of a club that provides all-male or all-female play space? No one's pleasure has to be praised or damned at the expense of another. We are deeply, spiritually and physically connected, but not in that way.

Let's can the scoreboards and burn the notepads, guys. Give us all a chance to grow in our own ways. If that means I or anyone else fails to jump *your* bones, look elsewhere, or reshape yourself to attract me or the specific "someone" you have your sights set on.

Each life and every lifestyle is its own private creation,

made sacred by its participation in the breathing, eating, fucking and dying we all share. That's the highest political truth: It is always correct to be your best self and to do your best to add your own pleasure to the general sum of human joy.

Cheers to Guy!

Dear Sirs:

Thank you for including Ryan Idol in your magazine last month. He is so hot! It's taken me until now to pull myself away from your publication long enough to write you this letter. It's great to see *Drummer* featuring male models at his level. My dick is still sore. What a good time!

Dear Editor:

I have been buying *Drummer* almost since the beginning, but I have never been moved to write you. The addition of Marcus the Merciless as a columnist is a coup! His column in San Francisco's *Bay Area Reporter* has guided many of us through the leather community. We will look forward to your magazine even more now.

PRESS RELEASE

(KW:BC - BRUTAL BIKERS)
(A00756 / MTM-B: 10-DEC-1993)
(ON-LINE WIRE WZ1:X0756; 1RBX;)
(WB) AM - Rescued From Brutal Bikers / 621/L

LOS ANGELES, CA-

A 24-year-old supermarket employee on Wednesday revealed to reporters that he was kidnapped by a group of bikers the day before.

Eric Farnell, resident of the Los Angeles suburb of Glendale told his horrific tale to the police, then again to reporters at a news conference. Farnell, who is employed at a local supermarket said he was kidnapped while leaving work at approximately 11 P.M. on December 9th. Farnell claimed he was accosted by three men with whom he had had an earlier altercation in the store's parking lot. Farnell related he was blindfolded and gagged, and held overnight in what seemed to be a garage. The next morning he was taken to a secluded area in what turned out to be the Angeles National Forest less than an hour north of the LA area.

Farnell reported that he was then tied to a tree. After the blindfold was removed, Farnell said he found himself surrounded by several men who were dressed in biker attire. He recognized only two of the men from the night before. Farnell related the humiliating details. "My shirt was ripped open and my levis were pulled down—then those guys took turns abusing me and shamelessly playing with my body and private parts," he said.

Farnell did not further elaborate about the alleged abuses but the police report indicated he was physically abused—whip marks, burned with cigars, punched and kicked in the groin.

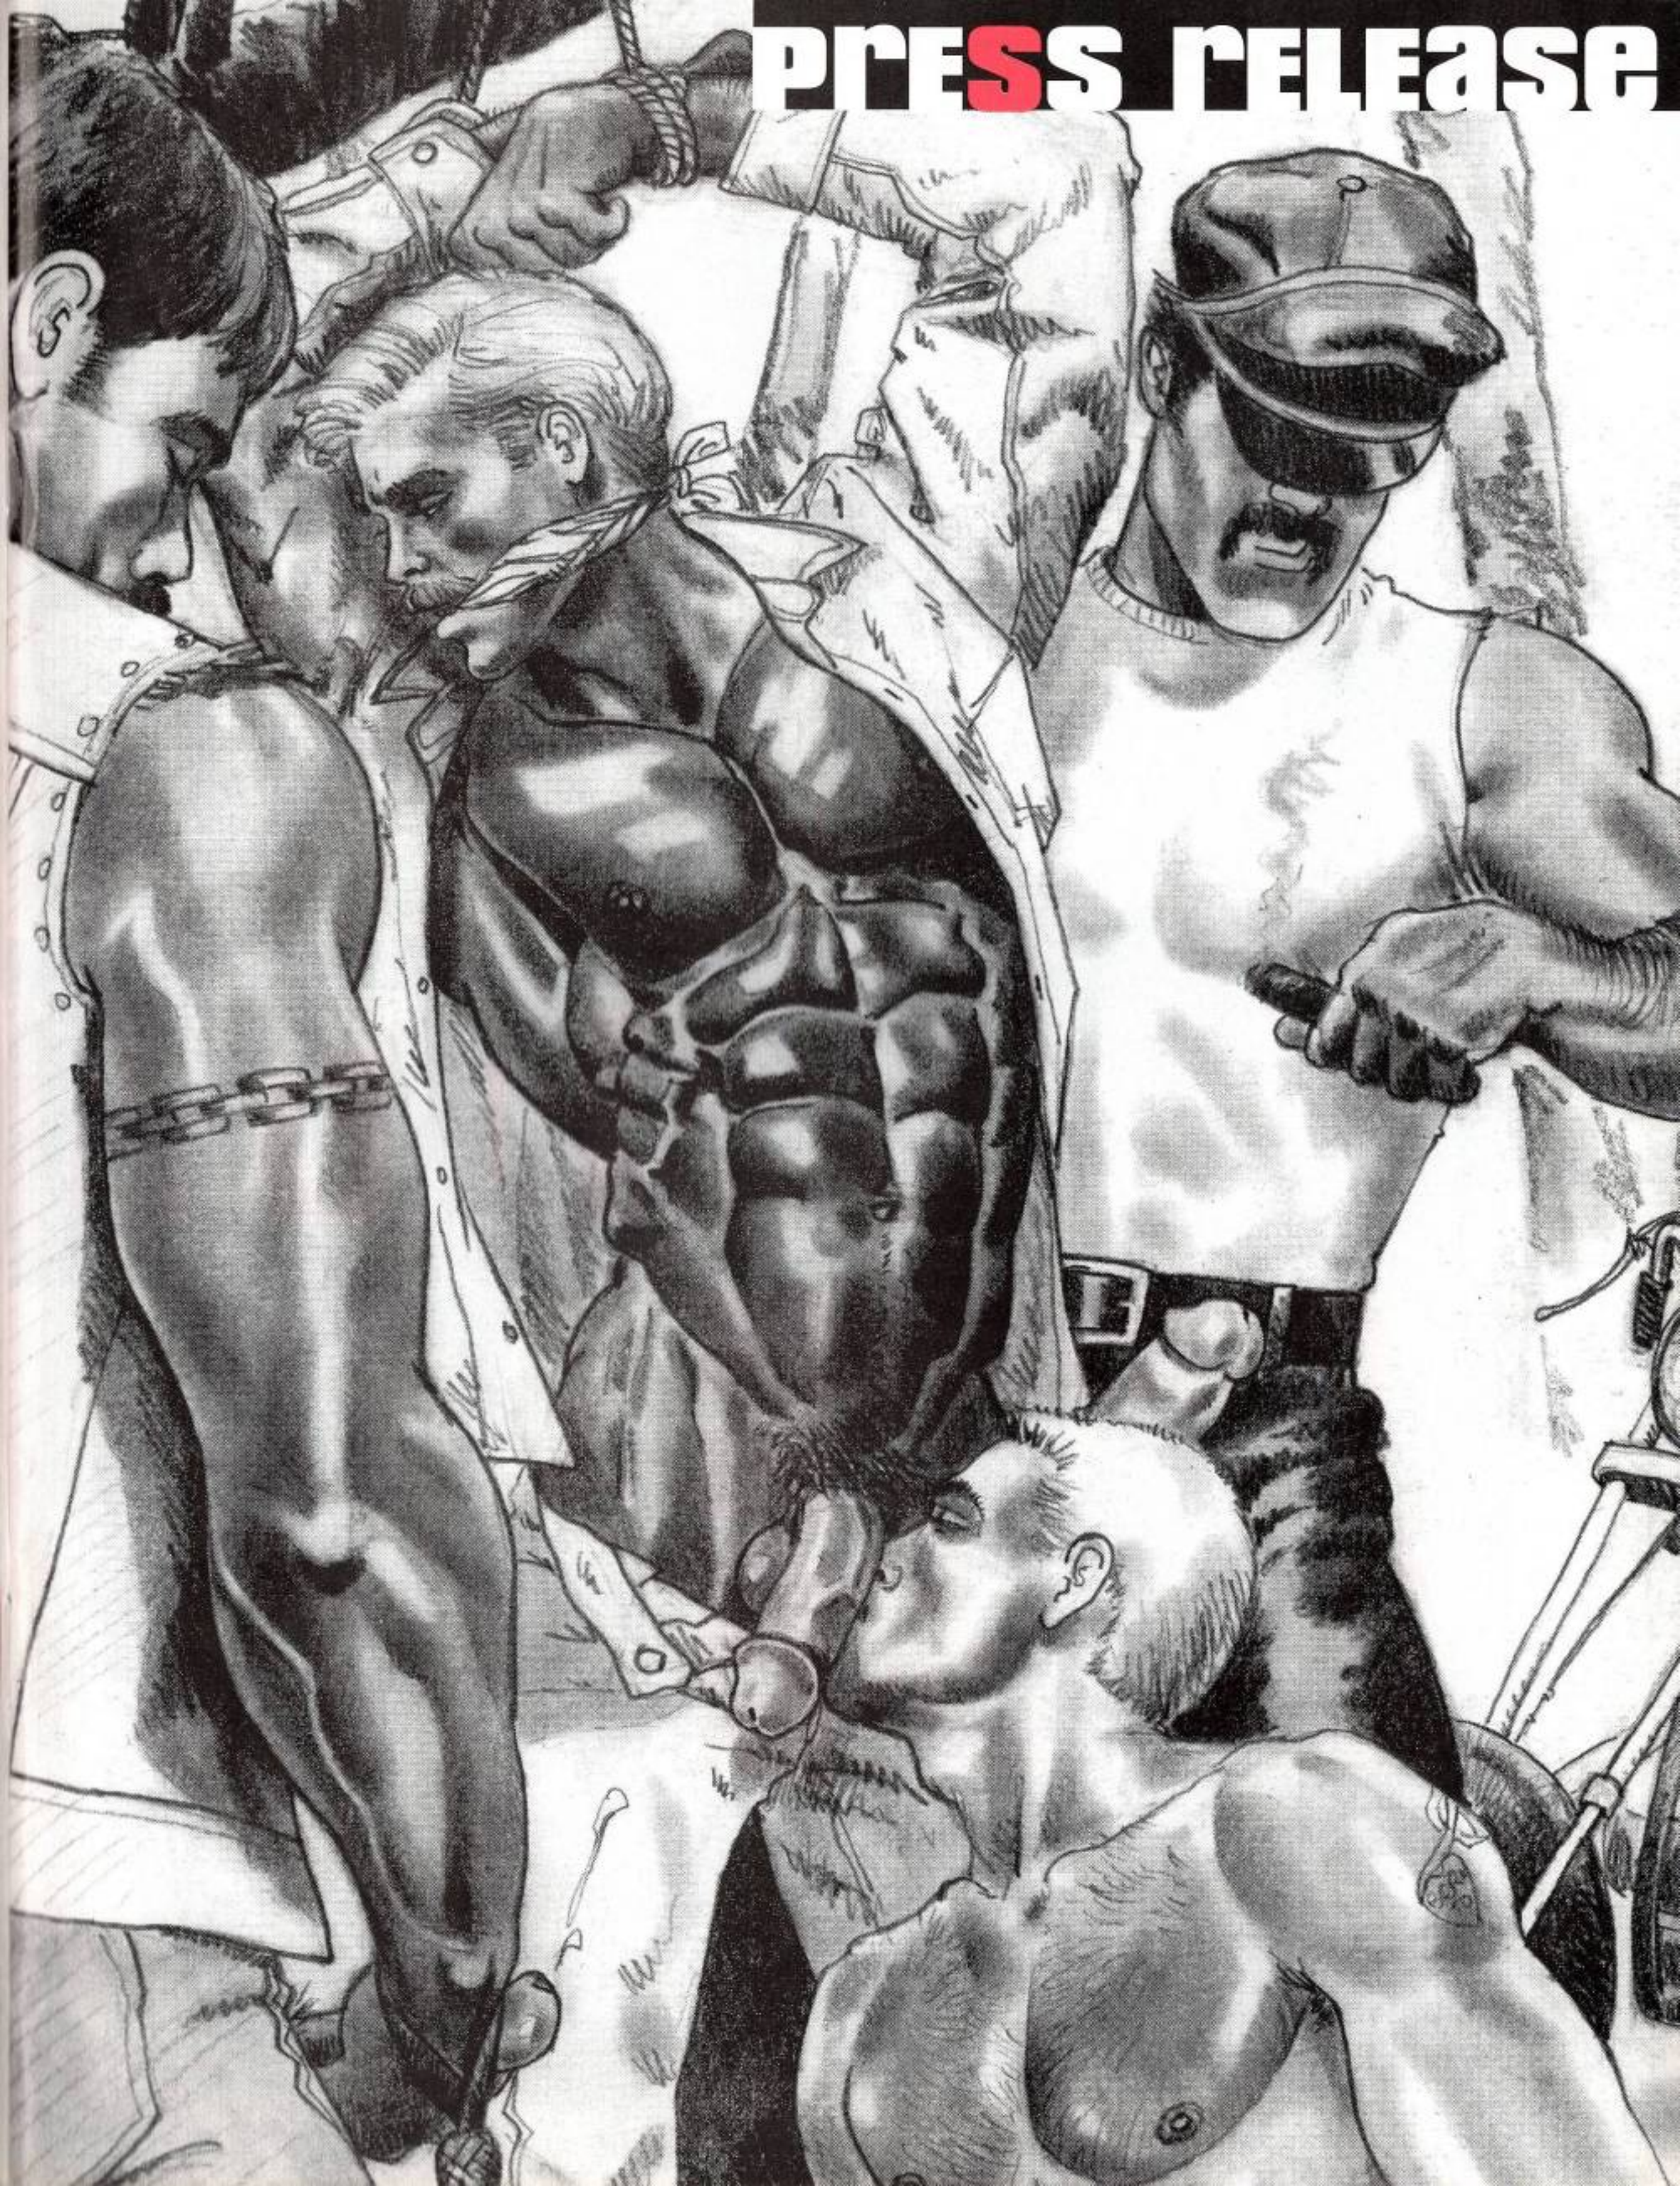

A medical examination performed soon after his rescue showed bruises, contusions, cuts and mild hypothermia. The report also verified that Farnell was sexually abused. According to Farnell, the assault lasted several hours before the bikers apparently tired of toying with their victim. Marc and Wanda Cott were hiking in the mountains in a remote section of the Angeles National Forest when they stumbled across the unconscious Farnell who was still tied and gagged. The Cott couple untied Farnell and took him to a hospital in the suburb of La Crescenta, located at the base of the Angeles Forest, before notifying the authorities.

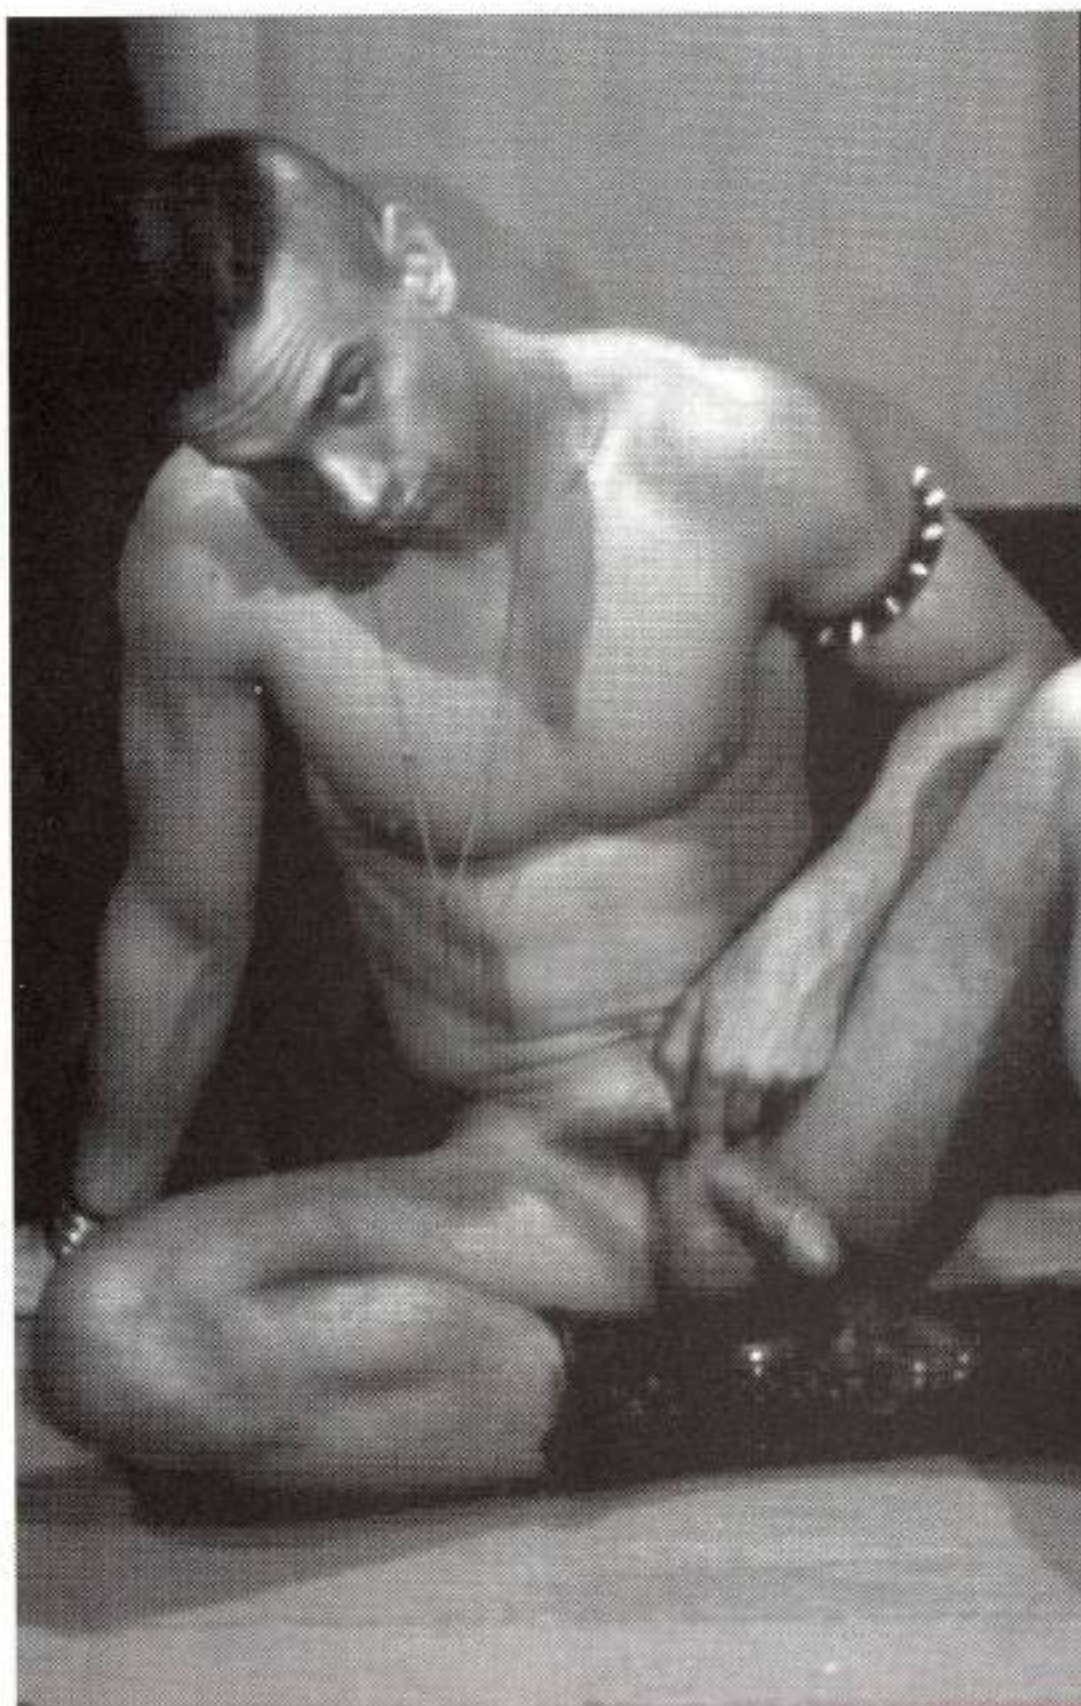

Mr. Farnell has been released from the hospital and is resting in fair condition with Peggy Arnold, his girlfriend of three years.

The bikers are still at large and are being sought by authorities. At this time there is no "official" reason attached to the assault and it appears to be yet another case of random violence.

Buck Matthews of DC Pickup. A Bob Jones Production.

Chris Allen's hot photo shoot in "Tales..." will make all of you into bondage shoot too!

SO YOU WANT TO HAVE SEX FOR MONEY?

Described as one of gay publishing's most enduring presences, John Preston's latest projects include "*Hustling: A Gentleman's Guide to the Fine Art of Homosexual Prostitution*" and "*My Life as a Pornographer & Other Indecent Acts*" are not only the most necessary handbooks for getting in the business, they are fun and highly literary. What more could you expect from such an accomplished activist, author and editor?

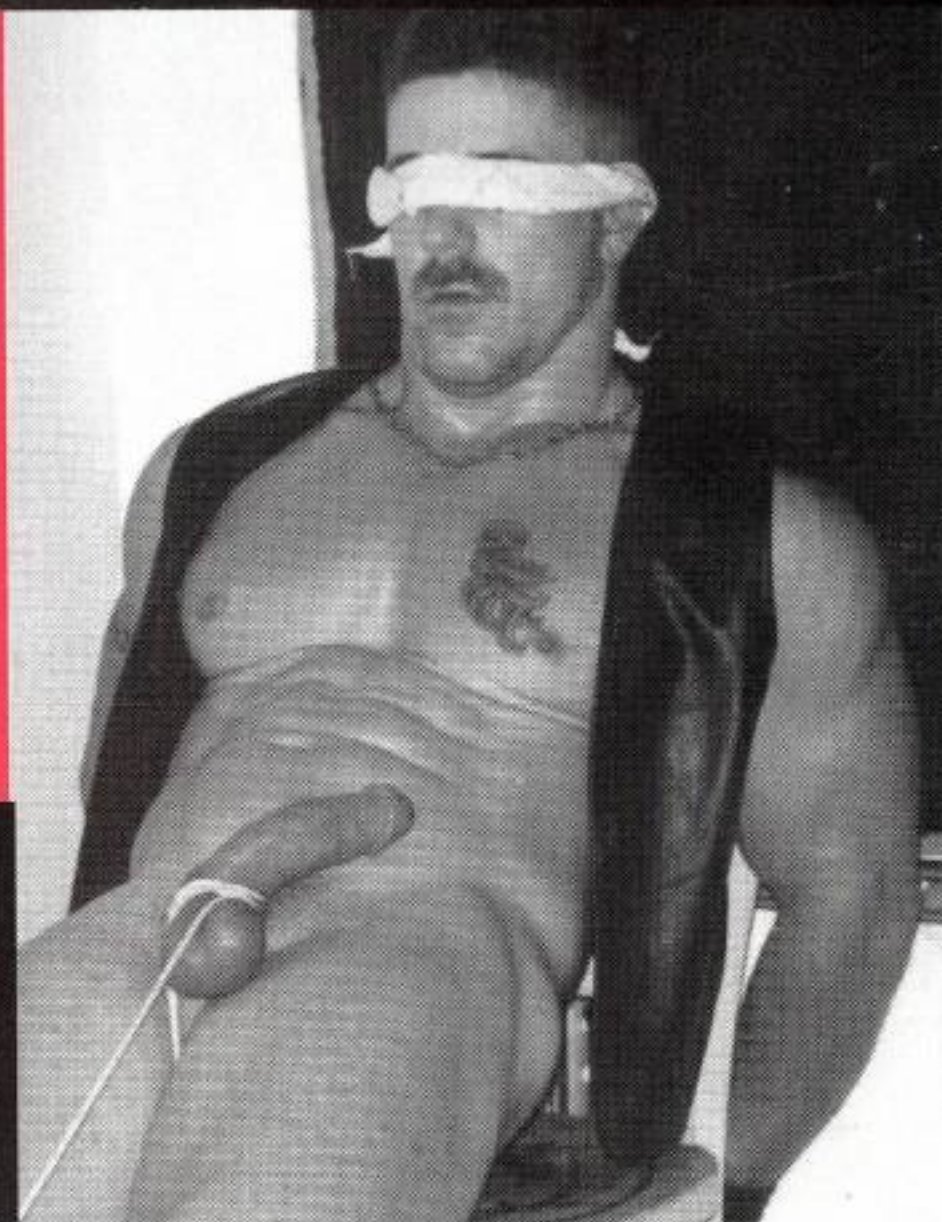

Drum

SMUT, SMUT AND MORE SMUT!!!

BY DYRK

Robby Boxer & Donny Russo from Bob Jones Productions' latest video.

Writing is like
prostitution.
First you do it
for the love of it,
Then you do it
for a few friends,
And finally you
do it for money.
-Molière

From John Preston's *Hustling*.

In "*Hustling*" Preston researched his subject matter through the eyes of professionals. "*Hustling*" covers every angle from the advice and opinions of "work-

ing boys." This guidebook explores everything from clientele and payment options to specialties (like SM, Military Discipline and Fisting) as well as the down side of the business.

I enjoyed the practical approach to the writing and the unabashed legitimizing of the world's oldest and much stigmatized profession.

"*My Life as a Pornographer & Other Indecent Acts*" is a collection of some of Preston's most renowned essays from the past decade.

Our own Pat Califia wrote "John Preston is one of the most intelligent sexual heretics around. In his long career as a gay pornographer and social critic, Preston has seen the Emperor take off his clothes and bend over more often than any other cultural ob-

server. This is an absorbing and witty work."

I found "*My Life...*" a compelling piece which addresses many issues dealt with by the gay community - sexual freedom, safer sex and sexual well-being, even feminism, gender and race. My favorite excerpt is the last sentence from the book, "The way to get better pornography is to give pornographers better sex."

Both books are offered by Richard Kasak Books for \$12.95. For more information, call Patrick Carr (212) 986-5100 x204.

JEFF STRYKER STRIKES OUT WITH "10" PLUS

Experts in human behavior and psychology say if you watch a horrific act over and over again you become desensitized to it. Either I'm suffering from a similar condition from watching so many other more interesting (and hard-core) videography or I should watch "*10" Plus* 10 more times to get over the horror of the boredom.

Heaven forbid that I

should influence your viewing or purchasing decisions. So if you want to watch some hot clones, clones and more clones writhe around and jerk off then rush right out to the video store and get Stryker's "*10" Plus - Volume II*. The all-star line up includes: Jeff Stryker (of course), Mark Andrews, Ryan Block, Nick Manetti, Chris Stone, Chance Caldwell, Alex Carrington, Mitch Rabida and Ra Richards.

BACK TO THE PAST AND THE FUTURE

"*Tales of Discipline, Obedience, & Submission*," one of Larry Townsend's most popular titles, is back in print after eight years. And apparently, this is the first of a series of books Larry Townsend plans on reissuing.

"*Tales...*" is a compilation of short stories by Lance, Ken, Rick Davis and others plus illustrations by Sean, Cavelo, Kaarlo and Zane as well as bondage photos by super-hot, uncut Chris Allen. Some of the fiction is a look back in history (a timeless piece about

myself, I better explain). Apparently this future civilization has developed some specific and exciting mores around sex and its role in the lives of characters like Dort, Torg, Kir and Blok. Some great illustrations go along with these nasty stories.

All in all I found "*Tales...*" to be a great piece providing hours of one-handed reading and pud-pounding fantasies. It's a must-have for anyone into discipline, obedience and submission. For more information about ordering "*Tales*

RUSSO, RUSSO AND MORE RUSSO

So you thought our **Drummer** cover model from issue 170 was hot, you better check out the three latest releases from Bob Jones Productions; *Military Kink*, *Rough Sex* and *D.C. Pick Up*. All three titles are directed and edited by Rick Bolton, written by Bob Jones, videotaped by DANE with original music by PSYCHO. Oh yeah, they all star Donny Russo, amongst others.

In *Military Kink* Russo stumbles in late to the barracks to discover Jon Marz and Eric Hunter getting it on. Russo punishes these "fags" by shaving their pubic hair, smacking them around and bombarding them with verbal abuse. Russo finally ends up using the "fags" to serve his every sexual need.

D.C. Pick Up starts out with Kevin Cox and Robby Boxer cruising the "P Street/Black Forest" area in Washington, D.C., where they run across Russo taking a piss. When they try to pick him up for a hot little three-way, Russo rips a tree out of the ground and beats the two guys up and down. This was my favorite part of the video, providing me with laughter, laughter and more laughter. After beating them up, Russo drags them both back to his place for some sexual torture where Buck Matthews is hanging out to help. Lots of abuse and anal attacks with toys, but not very sexual, at least until Matthews punishes Russo for being a "fag lover" by fucking him.

Russo is joined again by

Eric Hunter and Robby Boxer in *Rough Sex*. There's more smacking and verbal abuse and pushing the boys around. Russo plugs them with dildos and plays rough, just like in the other two videos.

Bob Jones has been cranking out videos, videos and more videos right and left lately, so look for more reviews in the next issue of **Drummer** (my poor video player is going to wear out before I get through the latest releases from Bob Jones).

To order each video, send \$49 plus \$4 for shipping to Bob Jones Productions, PO Box 9851, Washington DC 20016 or call 1-800-829-9708 seven days a week, 24 hours a day. Make sure to specify which video or videos you want.

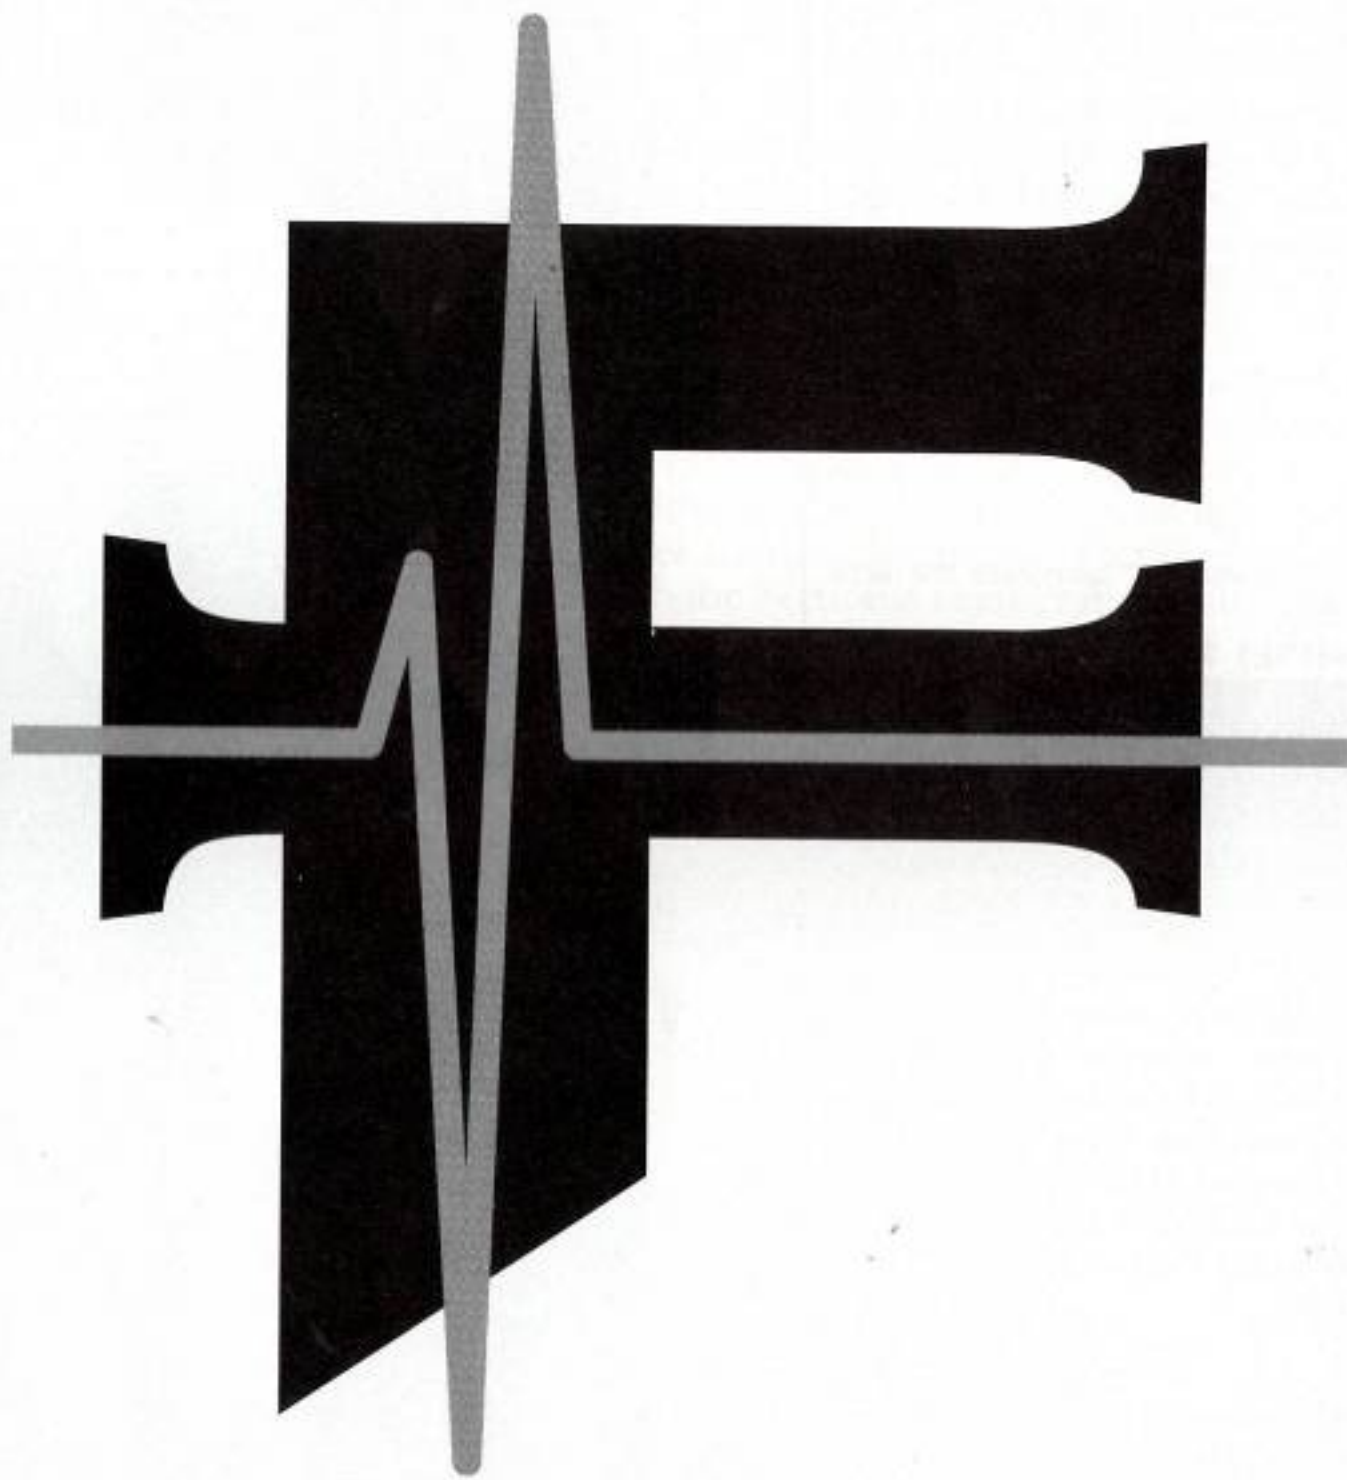

TIMELESS READING BROUGHT TO MIND

With the recent passing of newspaper journalist and author Randy Shilts (1951-1994) to AIDS, I am compelled to remind the readers of this column that not all writing worth reading is recent. In Shilts' career as author, he wrote "*And the Band Played On: Politics, People and the AIDS Epidemic*," "*The Mayor of Castro Street: The Life and Times of Harvey Milk*" and "*Conduct Unbecoming: Gays & Lesbians in the U.S. Military*."

Pick them up at any book store with a Gay & Lesbian section and read them or contact St. Martin's Press. I could say much more, but trust me, you won't be sorry.

The San Francisco Chronicle, for whom Shilts wrote since the 1970's, has set up a scholarship in his name at the University of California Berkeley's Graduate School of Journalism, 121 Northgate Hall, University of California at Berkeley, Berkeley, CA 94720. ■

VI JOHNSON: A QUIET STORM IN THE BUCKLE OF THE BIBLE BELT.

CONVERSATIONS
WITH
VIOLA
JOHNSON

BY MARCUS HERNANDEZ

It may come as a surprise to leather men and women that the midwest contains dynamic pockets of leatherfolk who make no big deal about their existence. It may or may not be popular to think that the mainstream of gay life, and especially leather/SM, exists only in major urban centers on both coasts. After all, weren't most of the leather male and female titles won by people from major cities, usually on one or the other coast?

This profile is written to dispel any doubts anyone may have about the spirit of the midwestern leather/SM community -- a lifestyle just as viable in places like Oklahoma, Arkansas, Kansas or Utah. It's there and people like Viola Johnson are on the front lines of activism and fundraising just like you and you and you in the big cities and major urban centers across the world.

With the selection of Woody Bebout of St. Louis as International Mr. Drummer in 1992, followed the very next year by Emerson Briney of Omaha, (both entered as Mr. Great Plains Drummer), leather communities suddenly realized that all the action was not necessarily in their region.

In what she quietly describes as "the buckle of the bible belt", Viola Johnson, a native of Newark, NJ, who has lived and worked as an assistant director in the movie business in Los Angeles/Hollywood, is perched on the battle lines drawn by strict practitioners of traditional values. We're talking Bixby, Oklahoma -- a suburb of Tulsa where leather/SM is alive and thriving in an area hostile to any kind of recreational sex for purposes other than procreation and a "do your own thing" attitude is definitely met with hostility. There are no in-your-face activists that desecrate churches, close bridges at rush hour. Only quiet, patient, loving and caring men and women who just happen to be into leather and SM.

You could say Vi is living a life of double jeopardy. She's a black woman, a professional slave and an activist who sees no boundaries to what she thinks can be accomplished.

What is even more remarkable, Johnson admits she has never experienced prejudice from white folks or leather folks, i.e., misogynist leather men. As far as she's concerned, Viola is a cat on a hotter-than-hell tin roof. She has no qualms about strutting into her favorite dyke bar with a whip attached at the hip. Her friends would be shocked to see her without it and many a male just quite possibly learned his craft under Vi's tutoring. She proudly

explains her lifestyle to high school and college students in her efforts to educate, reach out and help dispel stereotypes and myths about gay life. No begging for acceptance or assimilation. Just the facts ma'am. What is amazing about this is that the "demure Vi" with her soft-spoken dialogue and a lovable countenance is an enigma when she explains leather/SM and whether it sinks in or not, she has quietly and subtly stated that we're here -- get over it, period! And all with a non-threatening attitude or pleas for acceptance.

With a globe trotting mistress (Mir, for Miriam) of almost 20 years and a lover, Jill, it's hard to imagine a woman who is busy with affairs in organizations like T.U.L.S.A. (Tulsa Uniform/Leather Seekers Assn.), O.G.R.A. (Oklahoma Gay Rodeo Assn. -- Tulsa Branch) and has been affiliated with LSM (Lesbian Sex Mafia), Eulenspiegel Society, the NLA, Threshold and W.U.L.F. (Western Uniform/Leather Fellowship) having time to travel, do gardening and other household chores. Her distinguished record with the National Leather Association is legendary -

everyone knows her.

Vi is very pleased to admit she helps with the Mr. Oklahoma Leather contest productions and proud to say that for the first time in 1993, a Ms. Oklahoma Leather (Cindy Bookout) will compete in San Francisco for the International Ms. Leather title. The current Mr. Oklahoma Leather, Terry Atwood will represent the state at Chicago at IML in May.

She has also served as a judge at International Ms. Leather and candidly admits that she would love to be a member of Hellfire; and if not, she would like to be the first woman to crash an Inferno weekend and get thrown out just for trying. That would be a moment of pride for her.

And speaking of pride, perhaps Vi Johnson wasn't exactly the person the creators of the Leather Pride Flag had in mind when it was being formulated. It's hard to think that a SM/dyke was in the thoughts of the artist, but in the years since its creation, the assimilation of male and female leather/SM practitioners is a bonding that older leather men could never have envisioned way back when.

The secret/outlaw ambience often associated with leather/SM men in the early days was like a "good old boy" network; likewise, women of this persuasion were not as liberated as they are today, any practices of this type were top secret and closed to the general population. The liberal attitude of the 60's, the discovery 70's, and the enlightened attitude of the 80's has brought us into the present day, where, at least in our community, men and women share honors and titles, good times and bad times, adversity and success because they deserve it and because, as Vi puts it, "this is our tribe and I love everyone in it."

Much respected for her activism and the care and nurturing she gives younger leather folk and the rest of her community, Vi Johnson has had her moments of pride. Like when she and her partner were among the few chosen to carry the Leather/SM contingent banner at the March on Washington in 1993.

Vi says, "When we rounded the corner and were almost in front of the White House, I looked back and observed a sea of beautiful leather men and women, thousands of them, being accepted and applauded by the spectators and my heart swelled with a feeling so great and so much love for my tribe, I can hardly describe it."

At Living in Leather in Houston last year, one of the fundraising segments featured a "Chuck Higgins" cage. Vi's mistress ended up in it and people paid almost \$900 to keep her in it for several hours. Vi's

mistress endured it, a role reversal I've seen only a few times before, but always for charity. A good sport is also a loving sport and it could not be denied here.

Vi Johnson has a lot of fires on the burner as far as her community goes and she's also working hard on her new relationship with Jill. Her expertise with a bullwhip is legendary - after all, isn't it the hides of Oklahoma cattle that dresses many of us? And why not Bixby and why not Oklahoma? A place where leather, levi, western cowboy and bullwhips is a day-to-day existence for straight and gay people and has been for decades -- certainly a routine in Bixby before it made its appearance in other parts of the country! Think about it!

The close-knit leather/SM community in these parts is and always will be a way of life, especially being in the traditional values hot zone.

The trials and tribulations experienced by sea-

soned leather women like Pat Califia, Gayle Rubin, Dorothy Allison and others who paved the way for the leather/SM women of today are what keeps Vi Johnson ever forging ahead, ever planning, ever educating and ever happy with her lifestyle. The only title she would even consider running for, and it does not yet exist, is Leather Mommy. Vi Johnson is a nurturing, caring, loving and prideful leather/SM woman who dispenses advice and encouragement to all who seek it from her which is what being a mommy is all about.

"People getting over themselves" is about the only complaint she has about our tribe. Anyone who has ever met Vi Johnson of Bixby, Oklahoma will get over themselves. It is reassuring that like her counterparts in many parts of the country, Vi Johnson is out there practicing her faith, her love and her energy on everyone who is lucky enough to come her way. She is proud of herself, proud of her lifestyle, proud of her mistress and lover and proud of her community, be it in Bixby or anywhere else. A quiet storm with a loud agenda. This was a very pleasurable interview. I hope you meet Vi some day. ■

LOVE IN LEATHER

ROUGH
STUFF

BY JACK RINELLA

A slave named c. from Phoenix recently wrote a letter to the editor of *Drummer Magazine* (Issue #170) asking if it were possible for Masters and slaves to love each other. It seems he wants his Master to love him. His Master, on the other hand, fears that bringing love into the relationship will ruin the sadomasochism they both

enjoy. The boy goes on to ask if anyone has any suggestions.

That's a loose re-telling of the letter. I'd like to answer him. What do you think? What are your experiences? Does love ruin leather or make it better? Can a Master and slave define their relationship to include love?

As you can see, his letter inspired me to do a bit of questioning myself, so I asked a few friends and acquaintances what they thought about the possibility of love between a Dominant and a submissive. I was surprised that most of the respondents said such a relationship wasn't possible.

My friend John was the quickest to answer. "If, by love, the slave means affectionate activities: cuddling, kissing, etc., then he probably does not want to be a slave, but rather, a bottom who enjoys adding aspects of slavery to his relationship."

"Clearly the Master is more like myself, in that I tend to view things in absolutes, either the boy is a slave, or a lover, not both. It is all relative to the degree we are willing to compromise and clearly his Master does not feel that he is capable of being Master one moment and lover the next."

"In fact, should it become necessary to severely punish the slave, it might not be mentally possible for the Master to do so if he has allowed 'affection' to enter into the relationship. It sounds like the relationship in the letter is headed for the rocks."

Vince, on the other hand, presented the opposite view. "Frankly, I have a LOT of love & affection for my slaves. They are my prized possessions. The love does NOT in any way get 'in the way' of the relationship. In fact, since I either attract slaves who love pain, or train them to love pain, part of what I do is BECAUSE, not in spite of, that affection."

The question itself presents us with several areas of discussion. What is love? Why do we inflict pain? What are the real dynamics between men in sadomasochistic relationships? But let me continue to allow others their viewpoints.

"Vince is right on target," says Tom. "If we really love someone, we will do what we can to bring him joy. For a slave, joy comes in the training and in the special treatment provided. This is 'sharing pleasure' as defined by the people involved. A really good Top does a lot of exploration of what that 'pleasure' might be and how it can be delivered in a way which is both physically and psychologically satisfying. But then, you knew that's what I'd say!"

A Master named Sam added his wisdom. "I know that many slaves do fall in love with their Masters. It seems to me that there are as many of them who find that love diminishes SM as there are who find that love intensifies it. I currently have a slave who loves me, but whom I do not love. It does not in any way interfere with his ability to perform as instructed."

"It seems to me that the effect of love on the Master/slave dynamic is probably as predictable as it is for any other relationship dynamic."

A slave named John felt differently. "It's a real tough one to answer. My own opinion is that the really heavy roleplaying does get in the way of a relationship. Nobody can keep up the energy level required forever, eventually you gotta get out of the bedroom and be your everyday self. If the relationship started in the playroom and has never ventured outside, then the two people involved have no way of knowing if they are suited for one another."

"A few years ago I was in exactly that boat. I had a Master who was a fantastic Top. I haven't had it so good before or since. But after a while I realized that what was working in the playroom was not working outside. Part of it was my fault. I got caught up in the fantasy and let myself get swept up in the sheer wonder of it all."

"When I came down to Earth I felt just like a teenager who had experienced his 'first love', too inexperienced to see the difference between great SM and a good relationship."

Glenn felt that sometimes, as the Top and bottom become personal friends and get to really like each other, it gets more difficult for the Top to be as severe as he once was. A hot daddy named Mike agreed: "For myself, I find that 'loving' a slave gets in the way of my ability to really give my slaves what they need/desire, especially in the areas of pain and abuse."

"I was in a relationship for over 13 years, but that relationship was based on love and affection, not SM or Master/slave. I had a slave in addition to my lover, but I feel that my love for my slave eventually got in the way of our relationship because I was unwilling to go to the lengths of inflicting pain to the degree that my slave wanted. I cared too much for him to really hurt him that bad!"

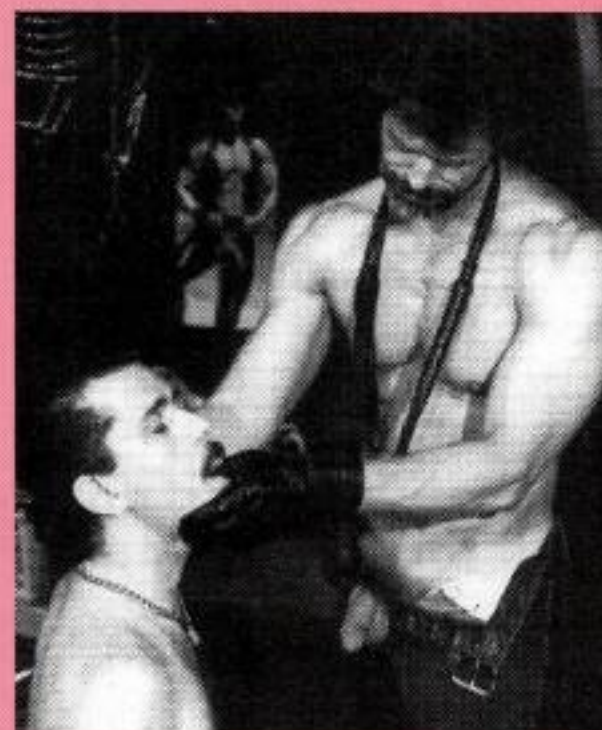

"I guess it's all a matter of how we feel as individuals and how that love is expressed. For some, it can work. But from what I have seen and in my own personal experiences, I feel that it is much better to separate my feelings of love from sex and SM play."

There's a big part of us that wants to have "cut and dried" answers to questions like the one c. asked. We'd like to hand him a book, tell him to turn to page such and such, and do what it says to become the perfect slave.

Likewise we expect that the Master/slave relationships we see will meet our expectations. After all, we think quietly to ourselves, we really do have all the answers.

It's not as simple as all that. Whether c. and his Master can and will become lovers is a question only they can answer. I suspect that their relationship may not be "on the rocks" as John wrote, but it probably is in a significant amount of flux.

Allow me to venture forth with some ideas of my own. What applies to life generally applies to SM specifically as well. After all, Masters and slaves are still human, still full of

the same emotions, ideas, cultural values, and physical limitations that everyone else bears.

We can talk about leather as a lifestyle, as a community, as a way to be, but first and foremost, it is a human experience. In spite of any "rules" or "expectations," relationships are defined, not by textbooks or club codes of conduct, but by the way two men relate to each other. Their relating, of course, may be fairly well defined and spelled out in a contract, or it may be more fluid in nature, lived by common, but unspoken, agreements.

There is certainly no necessity for love in a Master/slave relationship. As far as I can see, the only requirement is that of obedience on the part of the slave to his Master. Nowhere do I see that affection is required. Nowhere is sex demanded. The relationship has no "need" in itself for commitment.

That paragraph sounds strong. It is meant to be that way. I'm not writing about Daddies and their boys, weekend slave wanna-be's, or men who are into "roleplaying." You can have a lot of SM fun without ever being actual

Masters and slaves. Tops and bottoms get along quite well, thank you, each getting exactly (we hope) what they want.

It is true, too, that love often transforms the Master/slave relationship into something else, i.e., you ease from being Master/slave and become lovers. I don't think it has to happen that way, though it often does.

Steven was my first long-term submissive. For nearly a year and a half, he served me well, bringing me orange juice in the morning, doing the dishes at night, and being available for sexual play of any kind whenever I wanted it. It really was a great relationship.

To make a long story short, I entered into a short-lived relationship with a wonderful man, named Bart, who wanted me all to himself so I set Steven free and ended our relationship. Well, to be candid, I ended mine and Steven's relationship for about eight weeks. The monogamy with Bart was short-lived when it became obvious that Steven was the man I loved.

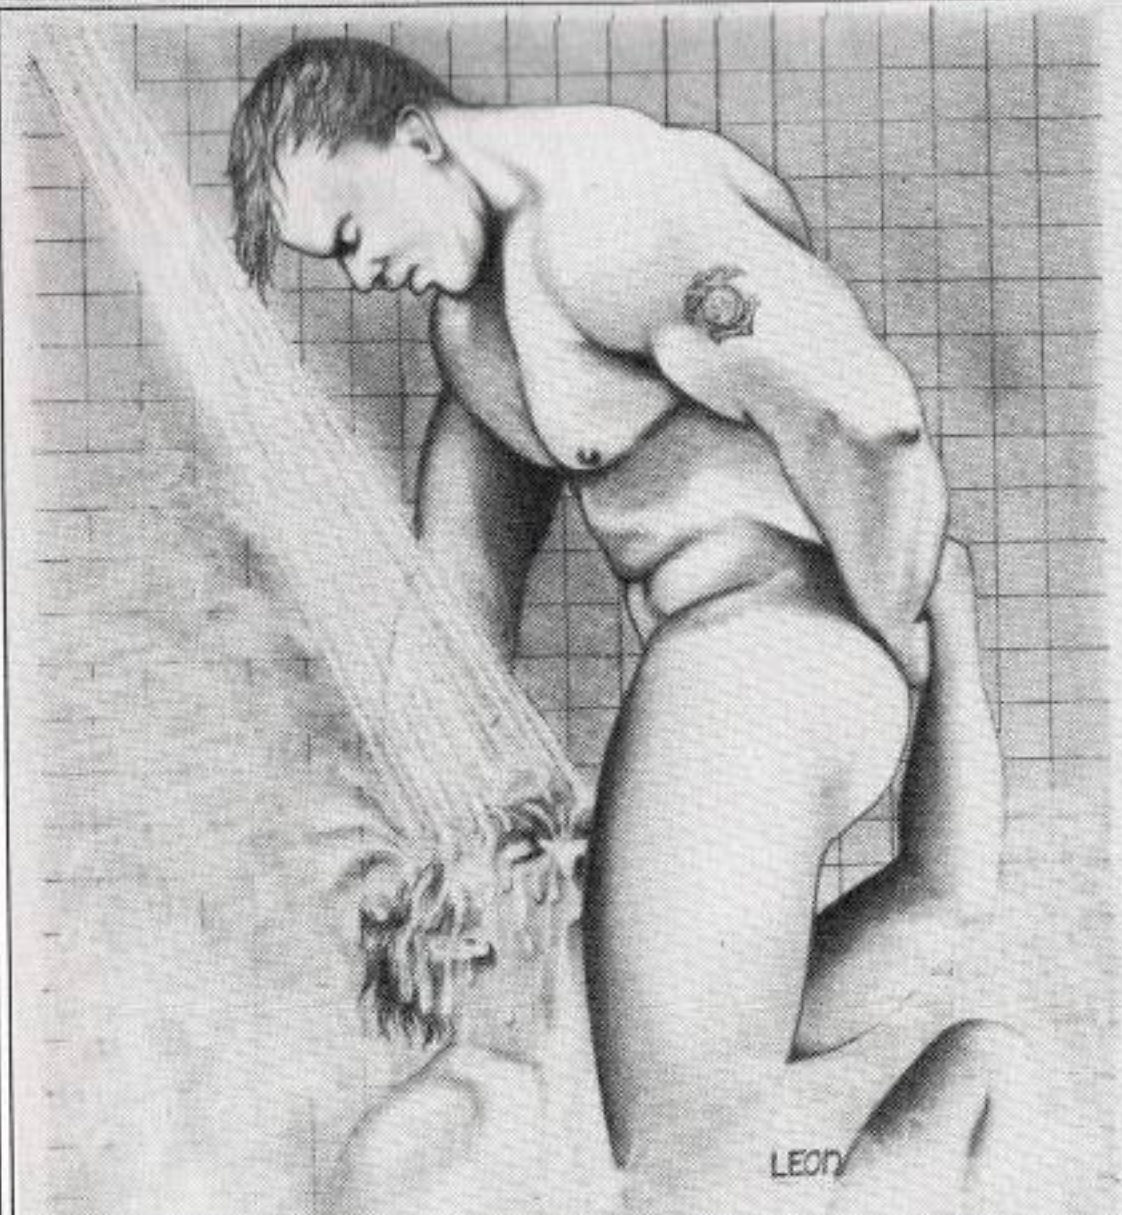

I was soon back in Steven's life and

he moved in with me. Shortly thereafter we put away our leather toys, stored the whips and chains, and settled down to what became a very fulfilling, five year, non-leather relationship. For us, love and leather no longer mixed. It was the intensity of the relationship, the fact of our living together, and Steven's therapist that ended our SM, not that we loved each other.

Now, I'm back into leather full swing, or should I say full sling? I've beaten a lot of ass since then and have had more than my share of slaves, even if they were only part time. The idea of maintaining a full time slave, whom I love, is far from impossible.

One of Vince's slaves, in fact, was a slave of mine when they met. My slave asked permission to play with Vince and I granted it. They fell in love.

Sheepishly, they approached me with their problem. Could Vince take ownership of my slave? Well, after a bit of negotiation, the answer was yes. In a private ceremony I transferred the slave's contract to Vince. Almost three years later they still love each other and the one still serves the other obediently.

It really has to do with our understanding of love. There is a strong tendency for us to define relationships in light of the hetero-white-middle-American context in which many of us find ourselves. When we think of love we think of doting teenagers. The word "relationship" smacks us in the face with concepts such as "fidelity" and "monogamy."

Love brings all sorts of sentimental, traditional, and restrictive meanings to mind. Hey, Masters, why can't you beat the shit out of a rebellious slave if that's what is needed?

I ask the question crudely only for hyperbole. But ask your self, why discipline?

I trust you administer a paddle in order to punish or to correct. It is a necessary action. I challenge anyone to contradict my mother when she said that she was spanking me because she loved me!

This is where I get to write in terms that get as absolute as John's. If you own that slave, if he has given himself to you, is it not your right to punish him for infractions of your will? Discipline is not a game, not a toy. Masters discipline in order to train their slaves to be exactly what and how they want them to be.

Slaves are meant to be pleasure-giving, pleasure-serving possessions. The sad truth is that all of them need to be trained to be exactly what their Masters desire. For the true slave, the one who knows his need to be owned, receiving this training holds its own rewards: it makes him more of what he wants to be.

If the pain is inflicted because of the Master's desire to do so, isn't it received because of the slave's willingness to experience it? In consensual SM, isn't giving pain to your slave who desires it, an act of love?

I dare say that if it isn't so, you need to check your motives. There's nothing wrong with a Master turning his boy's ass black and blue, so why can't it be done between men who love each other? Even if the slave doesn't desire it, his slavery will drive him to accept it; doing so is his form of obedience, the only real quality necessary for a true Master/slave relationship. Can a Master whip one he loves? Of course he can, if he owns the one he loves!

I know it raises questions. Mike stated the position well when he said, "My 'loving' a slave gets in the way of my ability to really give my slaves what they need/desire, especially in the areas

of pain and abuse."

Take a minute and read the line: "Give my slaves what they need/desire." It's exactly the fact that we are dealing with submissive masochists that makes inflicting pain an act of love. Are we Masters really dominant sadists? With all due respect to Mike, I often think we have enough "slave training," let's get some Master training for a change!

I once had a slave spend a weekend at my home. We had a great time. As a submissive he left nothing to be desired, except for the possibility that it would have been nice if he had stayed forever. On Sunday morning, after a weekend of play, we were lying in my bed. I said something to him about making me feel good, figuring that he would suck my cock or massage my tits. Instead he reached to the side of the bed, picked up a riding crop, and handed it to me.

"Please use this on me, Sir," he said. I did and in the course of that beating, shot the best load of the weekend. I later asked him why he had sought the beating. His reply was astute: "I knew that whipping me would give you great pleasure, SIR, and so, I asked you to do it."

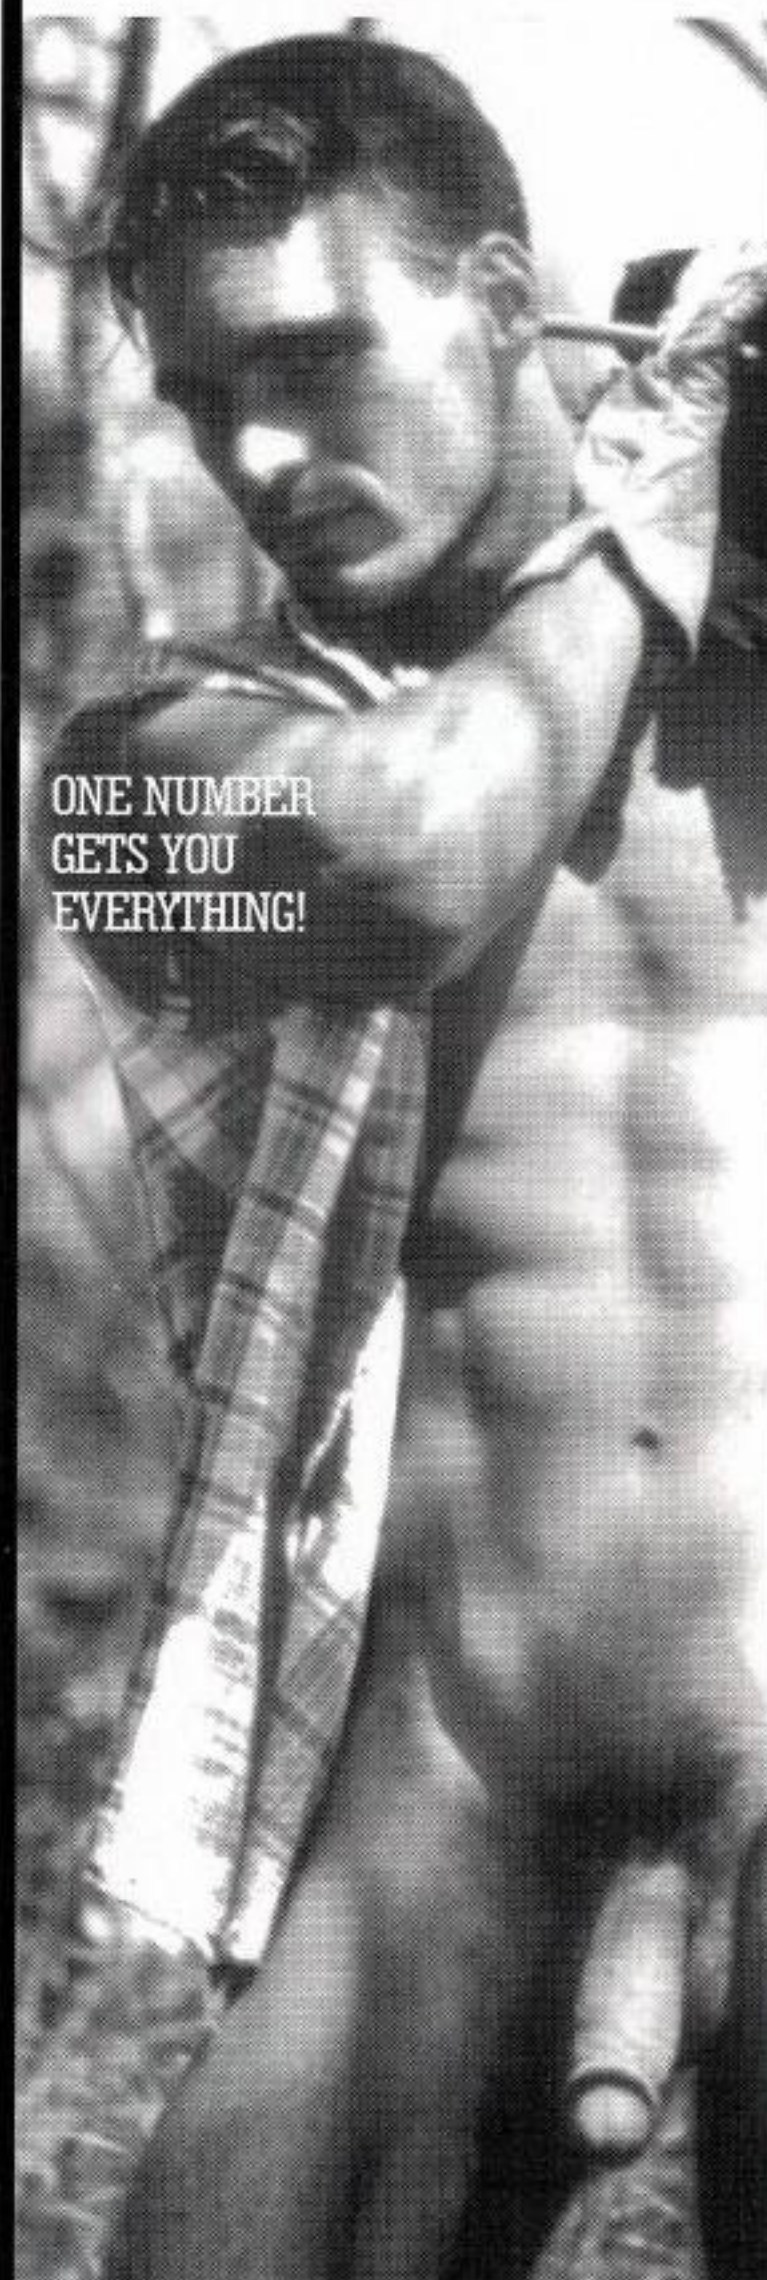

He loved me and so he gave me the gift of his bare butt. I loved him and so I gave him the pain that he wished.

If a gentle caress meets a need, it ought to be given. If a good paddling does the same thing, why is it seen as being different?

There is no one way to be a leather person, no one way to love. Instead we ought to find the ways that reflect our true selves, fulfill our real needs, and allow us to give ourselves to others honestly and openly. Knowing ourselves and being clear as to our motives and desires is the first step to being able to love freely and deeply. Leather gives us an opportunity to love without restriction, without preconceived ideas and predetermined methods. Can Masters love their slaves? Of course. Can slaves love their Masters? Certainly.

After all is said and done, what really matters is that each has the relationship they desire. Whether c.'s Master ever loves him is up to the Master. If love is more important than submission, then they're going to have to redefine their relationship. And there's nothing wrong with new definitions, especially if the leather is defined lovingly and the love kept "leatherly." —Jack■

DAVID

I was not a happy guy. Not yet, anyway. I'd been transferred by the motorcycle sales and service company to this red-neck hick town, somewhere in western Nevada. Times being what they were, and money, I couldn't afford to turn it down. But I sure as hell hated leaving LA.

I'm not a bad looker, if I do say so myself. Shaggy dark hair, well-built but lean and mean, hung, uncut, and with just the right amount of body hair in all the right places. You know... stubby beard, fuzzy chest, furry butt-crack...the works. I mean, I never had a problem finding horny studfuckers in LA who liked to play around mean and dirty. Like me. But when I found myself in this backwater junction, running the cycle shop and staying in a trailer, I thought I'd lose my mind.

I'd been here a little over a month and was getting tired of doing it myself if you know what I mean. Not that I'm no good at it. I always prided myself in being one of the best polejackers in the biz. It's a real art, y'know, and I'd be glad to demonstrate. But anyway, here I was, somewhere in the Nevada desert, and I sure as hell wanted to find some dudes to mess around with.

At the local beer joint one night, I was minding my own business when a couple of bikers came in to grab a brew. I tried my best to look available, but they were too cozy with each other to pay me any mind. They sat at a booth in the corner, talked a lot, drank a couple of pitchers, then left. I was a little depressed as I headed out the door, thinking about another solo session in the trailer, when something caught my eye. It was a paper on the bench in the booth where the bikers sat. I went over and picked it up. It was a newsrag of some sort, roughly printed, with an out-of-focus photo of some bikers.

I scanned it real quick, just out of curiosity, when it struck me that this was about a gay cycle club. Way out here! I shoved it in my back pocket, left the bar and hurried back to the trailer. There I read it over, and sure enough, there was this group of guys somewhere 'round here that I definitely needed to meet. Hot damn! I got hard just thinking about it.

I was putting it away to take care of my stiffer when I spotted something on the back page. It looked like an ad, framed in a black box, in crude type:

"RattleSnake Peters Fantasy-4-Hire.

Let us in on your wild ideas and

we'll DO 'em. Whaddya got to lose?"

Then a box number. I wondered if the missing apostrophe in "Peters" was intentional or just lousy printing. Cute, anyway. I got out some paper and began to write.

It must've been my pent-up frustration out here in the boonies that made me so bold. I scratched out all my kinky fantasies in gory detail, and I signed it with just my first name, Joe. Hell, I had a PO box here, too, and if the guy who answered sounded like a jerk, well, I could just toss the whole thing.

I sent it in and spent over a week at the shop with a constant hardon. Finally, a letter came. And a picture, too! I spent the evening in the trailer drooling over it all. In the photo was a tanned guy in mirrored shades, with long, dirty-blond hair, close-cropped beard, and hard, chiseled muscles for days. He was shirtless but wore torn levis, with black leather chaps and a mouth-watering bulge in the crotch. Black, scruffy boots and a studded leather armband 'round his left bicep finished the outfit off. He stood proud beside a Harley — his, it said in the letter. I nearly creamed my jeans just looking at him.

I read the letter over several times. He said he liked my "hot scenes," that he could tell I was a nasty, horny "cumsucker" and would I like to try out a scene or two with him?

"Would I?" I thought. Hell, I'd been waiting for this for weeks! At the end of the letter he said that if I wanted to talk about it, "Be at the beer joint on Friday night, 10 o'clock sharp." There's only one beer joint in town, so he didn't have to spell it out. The final sentence was short and sweet: "If you're not there, on time, good-bye."

I could tell this fucker put up with no nonsense. That turned me on more.

I don't suppose I have to tell you where I was that Friday night. I didn't jack off the rest of the week, just to be primed. I put on my torn and faded levis, a pair of chaps, no shirt but a sleek leather vest. Boots on, I hopped on one of the shop's best bikes to ride over. Sure, I have my own, but I picked out a shiny, new macho brute to make a good impression. I got there just about 10 o'clock. I parked my bike and got off, slapping the dust from my chaps and vest.

Then he rode in. The Harley made a low, sexy growl as he pulled up beside me. Even though it was dark, he still wore his mirrored shades. The photo was hot, but man, the real thing was hotter! Bare chested, levis, chaps, boots, kid gloves, and studded leather armband. I sucked in my breath when I saw him.

He gets off his bike real slow, watching me the whole time. I don't know how he knew it was me, but he saunters over, stands right in front of me, and spits in the dirt.

"You the guy who wrote?" he asks, his voice kinda deep and rough.

"Yep," I say. "Nice night, huh?"

"Cut the crap. Let's go inside for some beer."

He turns and struts to the door, swings it aside and steps in, expecting me to follow. I do. He gets two pitchers of beer and leads me to that same booth in the corner where I'd seen the two bikers. We sit, pour some brew into the cold mugs, and start to talk.

"You sound like a hot man," he says, taking a big gulp from his mug. "Look like one, too. Never seen you around here before. I won't ask how you got here, but I bet you're hotter 'n hell for some naked dickplay. That so?"

I took a big swallow of my beer and wiped my mouth. "Sure as hell am. I thought I was going crazy 'till I saw that ad of yours. Get many customers?"

"Enough." He drank some more. Silence. I'm not sure what to do.

"So your name's Peter?" I ask.

The man grins in a sinister but sexy way. "Didn't say it was, didn't say it wasn't." I feel really stupid as he cruises me over.

"Doesn't matter right now, anyway, punk," he says, "cause you're gonna call me 'Sir', aren't ya."

Shit! I dig the way this guy handles

himself. He's taking command real slow and sure-like. I know some dudes in LA who are into that sorta thing, but not like him. This guy's a pro.

"Yes, Sir," I snap.

"Good." He leans over with his arms on the table and stares at me with those mirrored eyes of his. His dirty blond hair hangs on his shoulders.

"You look okay, so I'm gonna have me some fuckin' fun playing with you...your dick, your mouth, your tits, your butt." Then he grins some more. "And your head."

I stare frozen into his square-jawed face. He finishes his beer and pours another. So do I.

"So here's what we're gonna do, punk. I read all your nasty sex-ideas. Liked 'em a lot. You're an uninhibited little fucker. I like that. So we're gonna do a real nasty, naked, dirty scene I think you're gonna like. Take some stuff right from your letter, only I'm gonna make it better. And you're gonna do it for me, aren't ya, boy?"

Man, I'm getting all excited with him staring at me and talking like that. I down my beer to cool off, pour some more, and feel like my goddamn boner's gonna rip right outta my pants.

"Sure," I say. "What's it gonna be?"

He leans back in the booth and crosses his arms. His pecs stand out hard and stark.

"No, boy, I'm not gonna tell ya." His lip curls up in a smirk. He grabs his mug. "But you'll find out. Finish your beer so we can get going."

We talk some more about motorcycles and sex, finishing both pitchers. Then he gets up and heads for the door. I scramble to follow, feeling a little woozy but alright. We get back to the bikes and I was beginning to mount mine when he grabs me by the wrist and pulls me away.

"No, punk, you're coming with me."

In a gleaming flash some handcuffs appear out of nowhere, probably from the bag on his saddle, and before I know it my hands are cuffed behind me.

"Your bike'll stay here 'til you get back. Get on!"

He nearly lifts me off the ground as I straddle his bike and sit down hard. He gets on in front of me and starts the engine. In no time we're heading down the highway in the desert night air. The moon is full and the stars are out, giving the landscape an eerie glow that seems to be just right.

We ride for awhile, me holding on as best I can from the back. I can't help but slide forward, pressing my crotch against his ass. I like that. I hope he does, too.

After about half an hour he turns and scrambles up a dirt road into the hills. I'm having a harder time staying on now. We cross over the top and head down behind the hills until the highway is out of sight. The only thing I can hear now is the bike. Soon I see a small shack and some trees, with a dim spotlight lighting up the front. We pull up in front of the building. He shuts the cycle down and hops off.

"Here we are, buddy-boy. Get off."

I do as I'm told and look around quickly. This couldn't be where he lives. It was way too small. He grabs me by the arm and, still handcuffed, marches me around the back of the shack. It was much darker here, but the moon lit up everything with a cool, blue haze.

"Wait here," the man orders, then disappears. In a few minutes he's back with an armload of wood. Tossing the logs onto a rocky fire pit, he sets it ablaze. In no time, he's got a roaring fire going that adds a sexy, orange-red glow to everything. I was grateful for the warmth. The desert cools down fast once the sun sets.

He comes back over to me, goes around behind and uncuffs my hands. "There, boy, we're here now. You ain't going nowhere. Now we're gonna play." He gives me a big, flashy grin and, in spite of the situation, I trust him and was fuckin' excited by the whole scene. I have a good sense about people, and I feel good about him.

"Yes, Sir," I say, loud and clear.

"What an ass kisser you are." He pats me on the head. "Now, to play right, to get down and dirty, you gotta get naked."

He reaches in his pocket, pulls something out and tosses it to me. It's a solid metal cockring.

"That's your clothes, boy. I'm going in the shack, and when I get back, that's all I wanna see on you. Got it?"

"Yes, Sir. Boots, too, Sir?"

"No way, punk. No boots. You're my toy tonight, boy." He scans me with those mirrored eyes from head to toe. "And I like my boys real naked. Bareass naked!"

I just stand there fingering the cockring, forgetting myself.

"So strip, dammit!" he barks.

"Yes, Sir!"

I whip off the vest and begin undoin' my chaps and jeans. He smiles, nods his head, and walks around the corner into the shack.

I strip real quick. In a few minutes my clothes, and my boots, are piled neatly against a tree. I have a tough time getting into the cockring since my dick's been nearly hard ever since we left the bar. But I get it on.

Man, then I do get a roaring hard on that ain't gonna go away. I'm standing there by the fire, excited as hell, with my long, uncut prick pokin' straight up to the stars. I pose for him, feet wide apart, hands behind my back, chest out, dick stiff.

It isn't long before he comes back around the corner and steps into the firelight. I coulda cum just at the sight of him. He still has his shades on, but he stripped off the pants and chaps, now wearing just shiny, black boots, armband, and his own studded leather cockring. I stare at the stiff, dirty-blond cock sticking out from his crotch, and the large, hairy balls that hang low in their wrinkly sac between his thighs. My mouth starts waterin' just looking at 'em, 'cause I have a thing for chewing on hairy man-nuts. I hope he's gonna let me chew on his.

"Hey, that's real nice, boy," he says, looking at my pose. He strides right up to me and wraps one of his leather paws around the base of my cock. He pulls up on it so I'm nearly on my toes and my foreskin slips over the tip. But I keep my hands behind me.

"Oh, yeah, an uncut prick. I like those, boy. Hell, I want t' see this sucker shoot. I bet it shoots a big wad, don't it, punk?"

"Yes, Sir!" I say, almost out of breath.

"Damn right!" He gives me a sexy leer. "A big, white, juicy wad of peter-goo." He rubs his thumb over the head of my dick and plays with the hole. "Maybe I'll make you eat it. You'd like that, wouldn't ya, punk?"

"You bet!" I say to myself but I don't say nothing out loud.

"I said you'd like that, wouldn't you, punk!" he shouts at me. "Eating your own fuckin' cum!" He squeezes my shaft 'til it almost hurts.

"Yes, Sir!"

"That's better." He eases his grip on my dick. "I bet you do. All you fuckin' punks love to eat peters. But that's for later. I'll just let ya think about it for awhile. Come over here."

It was only then I notice he's

carrying a black leather bag in his other fist. It clanks a little as we walk 'round to the other side of the fire pit. He's pulling me along by the cock, and I have to tell you I was so hot and horny, walking around naked, outside in the night air with this leather stud pullin' me by the dick. I thought I was in heaven. On the other side of the fire he lets me go, pointing to a sandy spot on the ground.

"Get down there, boy," he orders.

When I kneel on the ground I notice two black iron stakes stuck in the dirt. They're about two feet high, a yard apart, with heavy metal rings on top. He must've seen the look on my face.

"Hey, boy, don't get all bent outta shape," he says in that sexy voice of his. But he's soundin' sorta friendly now. "This is where we're gonna play. Naked, raunchy dickplay. But safe."

With his other kid-gloved hand he begins to pet my stiff pecker.

I look at him and swear I see him wink behind those shades. I can't help it, I trust him. So I just kneel there, waitin' on the man in charge.

"Lay down, boy," he says, "and spread your legs."

He kneels in the sand between my open legs, puts the leather bag on the ground, and pulls something out. They're two black leather bands with buckles and large snaps. He grabs my ankles, one by one, and buckles the straps around them, then snaps them to the metal rings on the stakes. I let him do it, dazed at the sight of his tan, muscled body moving in the firelight as he pulls my legs apart. My knees are bent, and my butt comes up off the ground a little bit. My asshole is now wide open to his gaze.

"That's real pretty, boy," he grins, sitting back on his haunches. He reaches in the bag and pulls out two pieces of rope with loops tied in 'em.

"Now give me your hands."

He loops one rope around my left

wrist, then ties it to the ring with my left ankle. He ties the right wrist, too, but this rope has a slip-knot in it, and I wonder what that's all about. He makes sure my arms are between my legs, so I'm exposed real good and can't even try to cover my crotch. He's practiced at this, I can tell.

He stands up to admire the view. There I am, spread-eagled on my back, tied and ready, with my cock, balls and butthole open for him to play with.

"Yeah, that's how I like to see my punks. Naked and ready for some dirty dickplay. Comfy?" he asked with a great amount of sarcasm then gives his cock a few quick strokes.

"Yes, Sir," I admit. I wasn't uncomfortable, just a little scared at being so exposed. But, hell, that was sort of a turnon, too.

"Hey," he sneers, "let's tie your nuts up, too. Nice 'n tight."

He gets down on the ground again, pulls some rawhide bootlace outta that bag, then grabs my balls. I suck in my breath as he squeezes and pulls on my nutsac. They hang kinda low anyway, but this guy's stretchin' 'em to their limit. I clench my teeth.

"Just relax, punk," he says. "I'm gonna tie your nuts up real good, and you're gonna like it." He starts winding the bootlace 'round the base of my ballsac, then keeps on windin' and windin' 'til they're stickin' a good two or three inches from the base of my pole. He knots the bootlace and gives his new plaything a rough slap.

"Oww!" I didn't mean to sound off...even if it wasn't too loud. My nuts bounce back and forth a couple a times.

"Whaddya say, boy?" he demands.

"Nothin', Sir."

"I thought I heard you say 'Oww'. Did you say 'Oww'? I like it when my boy says 'Oww'. Let's hear it again." He slaps my balls again, harder.

"Oww! Sir!"

I mean it this time. I pull at my bonds as my nuts bang between my legs.

"That's better, punk."

He reaches back into his bag, and this time pulls out a length of chain with alligator clips on each end.

"Know what this is, boy? This here's a chain for your tits. We're gonna clip these hard-bitin' motherfuckers on those tits of yours so you can feel 'em real good."

I tense up a little as he leans forward and rubs a rough hand over my chest. I'm beginning to get into it, really into it, watchin' his muscles ripple as his hand moves back and forth across my pecs, then stops and pinches my left tit with his thumb and finger.

"This one first."

He snaps the clip on it. I don't say nothing, just suck in my breath.

"That's a good, boy. Just relax into it."

He moves to the other tit and snaps a clip on it, too. Then he grabs the chain between 'em and gives a tug.

"Oww! Sir!" I shout again. They don't hurt that much but were a hell of a turn on. It's like he said, I was aware of my tits and they hurt real good. Like sparks of electricity shootin' through my chest. But I knew he wanted me to say something.

"Hey, I like this, boy. I'm having fun tying you up and making you say 'Oww!' for me."

He lets the chain fall to my chest and rests back on his haunches again. Slowly, he strokes his dirty-blond cock, lookin' me over and gettin' off on the view. With his other kid-gloved hand, he begins to pet my stiff pecker. The sensation is wild! I stare at him holding my cock. He stands it straight up, moves his fingers to the peckerhead, pinches on the foreskin and tweaks it around real quick-like in his fingers. He's jiggling the hot tip of my stiffer real hard now, and my body is shakin'. Suddenly he pulls my hard rod back real far and lets it go. It slaps back down on my belly and I let out a grunt. A gob of clear prick juice splashes across my skin.

"Your pecker's gettin' all juicy, boy. Stiff and juicy. I think you like this, don't ya, punk?"

"Yes, Sir."

He was right. I was so hot I thought my cock was gonna cum right then and there. But it couldn't, and I didn't

dare.

He continues stroking himself and starts feelin' my asscrack with his leathered palm. I surrender to the sensations as he pets and paws 'round my butt.

"Nice ass, boy. You got a nice, tight ass to play with. I dig asses." His finger finds the puckered muscle around my chute and pokes at it a little. "And assholes," he says. I wiggle and moan some more.

"Yeah, you gotta hungry asshole, punk. Let's stick something up there."

He spits on his fuckfinger, licks it wet, then finds my asshole again and shoves it in. I go tense at the intrusion, but he just wiggles his finger 'round and 'round in my butt. He's in complete control of the situation, and he damn well knows it.

"Nice asshole, boy. Real nice asshole. I got something to make it feel real good."

He takes his finger out and gets one more toy outta the bag.

"This here's a buttplug, boy. To

I'm wigglin' in the sand, pulling at the iron stakes, lifting my ass in the air as he slowly turns, turns, and turns some more, then shoves that black beauty into my innards.

"Aaaww, Sir! Aawwwww!! Sir, please!!!"

"Please what, punk? 'Please ream my ass, Sir?' 'Please stick that slippery fucktool up my asshole, Sir?' Is that it, punk? Huh? Is that what ya want?"

He gives a final push and the buttplug slides in all the way. My puckermuscle grabs around the narrow base and pulls at it.

"Oww, Sir! Owww! Owwwwww!!" I cry out. But the sharp pain is soon gone, and my butt starts massagin' that black fucker all by itself—pullin' in, tryin' to push it out, then pullin' it in again. I ain't never had nothing like that in me before, and he was right. It feels like I'm gettin' fucked real gentle-like by a first-class assfucker.

"Oh yeah, Sir. Yeah..., yeah Man, that's fuckin' great!"

"I knew you'd dig it," he grins.

"This here's a buttplug, boy. To ream that pretty butt of yours."

ream that pretty butt of yours. Make ya' feel like your getting fucked all night."

The buttplug is black, about four inches long, cock-size around but much narrower at the base. He holds it up in the firelight to let me get a good look.

"Your butt's gonna grab onto this, boy, and hold it in until we take it out. And yeah, I'll grease it up real good."

He makes the plug slick and shiny with somethin' from the bag, then puts the tip against my puckered hole and starts pushin' it in. I clench my teeth again and grimace.

"Take it!" he orders. "Open up, punk-boy, 'cause it's going in whether you like it or not."

I start to moan as he reams that thing into my butt. I can't help it now.

He stands up, gloating over me lying there, balls-tied, tit-clipped, and fuckin' myself with his black buttplug. Breathing hard and heavy now, I feel my hard pecker quiverin' with the urge. I ain't never been so turned on before. I look up at him standing there in the night, all hard and macho, with an oozy drop of clear, prick juice dangling from his dick. The glow from the fire makes him look real hot and mean.

"Now, I'm gonna warm that punk ass of yours up real good," he says. "Make it nice and hot."

He kneels between my outspread legs once more, rears a kid-gloved hand in the air, and brings it down with a loud SMACK!, right on my upturned butt. I don't make a sound, so he smacks me again.

"Yeah, punk, I'm gonna make your butt all hot and fiery."

He grabs my tied-up nuts to hold 'em out of the way. Then he begins slappin' my butt real hard, faster and faster. The night air rings with the sound of his hand on my skin. I'm goin' wild as the hot, stingin' sensation spreads across my behind. He smacks at the end of that buttplug, too, and with each sharp slap my ass grabs it in harder. A couple more slaps, then he lets up. My ass is hotter'n hell, now. I can't believe how turned on I am. He stands up and turns toward the shed.

"Okay, guys, come on out," he hollers. "The punk's ready!"

I jerk at the ropes. What the hell? Goddamn! What's going on??

I ain't got time to catch my breath before three more studs come struttin' around the corner of the shed. I look back at my man, but he just grins. Now I remember him sayin' that he's gonna play with my head. Then I look back at the three newcomers as they come around the fire pit to where we're at.

"Here they are, punk," the man says. "My buddies, the RattleSnake Peters. Hell, we're all the RattleSnake Peters. That's the name of our gang. Wanna join?" He laughed like he was the only one who got some really funny joke.

So that was it! I couldn't make up my mind between being hell-hot, turned on or being fuckin' scared. Here are three strangers, nearly naked, wearin' just boots, studded leather cockrings, black kid gloves and leather hoods that covered from the nose up over their heads. This kept me from completely seeing their faces, just their mouths, and each was lookin' me over with a big, shit-eatin' grin.

The one on the right was dark and hairy, a damn good body with curly, fuzzy hair on top, bottom, back and front. The one in the middle was tall, well over six feet, long and lanky with tight, wiry muscles, and a sexy devil's goatee. His long pecker hangs halfway down his thighs. The third is fair, chunky and nearly hairless, a bush of gold pubic fur curling around his uncut, milky-white tool. There were four of 'em now, four RattleSnake Peters, and I was in no position to argue about nothing.

"This here's Badass, Satan, and Pisser," says my man. "I'm Crunch." He turns to the new fellas. "Hey, you guys been in that shed a long time."

Drinking beer, waiting for us to get ready. Bet ya gotta pee real bad." He looks down at me and smirks. The guys grunt in agreement.

"Then gather 'round, guys, and piss all ya want. The punk'll love it."

The hooded studs gather 'round me, one on the left, one on the right, and one right over my head. I look up to see three bloated peckers already drippin' with piss. They grab their tools and jiggle 'em at me, just to tease me. I'm goin' nuts at the sight. In another second, they let loose.

I can't help it, but I holler out loud in dirty, wicked fun as streams of smelly manpiss shoot outta them cocks and splash down on me. They're growlin' at me, tellin' me whatta fuckin' pisspunk I am, that I oughta be grateful, gettin' sprayed with their fresh RattleSnake piss. They whip their pissin' dicks back and forth, wettin' me all over. The blond pees on my chest, the devil all over my crotch and legs, and the dark furry guy above my head wets my face then pees in my hair. The smell of all that raunchy manstuff fills the air. My cock is jumpin' in delight. They got a lot of it, too. The used-beer shower keeps on coming 'til I'm soaking wet and smell like the floor of a latrine.

Finally it sorta stops. They shake their empty peters in the air to get the last drops out. I'm pullin' at the ropes around my wrists and ankles 'cause I wanna reach up and grab em, but it's no use. So I stick out my tongue and lick all around my mouth to get a taste of the heady stuff. I'm in heaven, man! These guys sure know how to play with a man.

"Looky there, guys," says Crunch. "The punk's lickin' it up. I told ya he'd love it." They all laugh at me strugglin' in the wet, piss-soaked sand.

"Hey, Badass, why don'tcha squat on the punk's face and let him chew your nuts," says Crunch. "He likes that. You other guys get to work on your dicks. I wanna see ya shoot your sticky, white gunk all over him."

It's clear who's the leader of the RattleSnake Peters. The blond on my left and the tall, lanky devil on my right start playin' with their dicks, working 'em up to stiff boners. Crunch just stands there below my feet where I can see him, his own pecker already hard and stiff; fists on his hips, watchin' and grinnin' real lewd-like.

Turns out the furry guy above my head is Badass. He turns around and

puts a booted foot on either side of my head. I stare up between his hairy legs as he slowly squats on my face, playing with his dick all the time. His balls hang low, bobbin' around as he beats his meat. He puts a hand in the sand to balance himself, then lowers his crotch just enough so those furry balls brush across my face. I stick my tongue out to lick 'em. Badass lifts up quick and pulls 'em away, playin' with me. I strain to raise up but can't reach 'em. Then, with a sexy growl, Badass squats back down and shoves his nuts hard in my face.

"I can hardly breathe. The two warm, sweaty balls are rollin' across my nose, my cheeks, my mouth. Then he swings 'em forward and sits square on my face. His nuts are coverin' my eyes, and my nose and mouth are caught in his hairy butcrack.

"That's it, Badass," Crunch urges him on. "Let the punk smell your asshole real good. Let him know what a RattleSnake Peters butthole smells like."

Badass rubs his crotch back and forth across my face. "You can lick it if you like, punk," he says. "Have yerself a taste of my funky butt."

They all laugh at that.

My blood is runnin' hot as I rub my face and tongue in the man's crotch. Man, I'm dying to jack off, but I can't get my hands free. My poor dick must be oozin' lots of juice by now, but I can't do nothing about it.

Then Badass raises up again, puts his balls back on my lips, and tells me to get to work.

"Eat my nuts, boy," he snarls. "I like t' see punks chew my nuts when I jerk off," he growls as I pull on his nutsack with my teeth. "Yeah, I like feedin' naked punk-boys my nutmeat." Badass stares at my naked, bound body as I work over his nuts. "So, ya like chewin' nuts, boy? Ya like chewin' on hot studnuts?"

I suck his balls, one by one, into my mouth and chew hard. Badass just groans loud and beats his meat harder. I look up at that stiff pecker above my face, drippin' with juice, and above it his hooded face with clenched, hiss'n teeth.

He's havin' a great time. So am I. I eat them nuts real good as he strokes his dick and brings himself to cummin'.

"This punk's a great nutsucker, boss," he suddenly yells out. "I wanna shoot my sweet, hot cum all over his pretty face."

"Go ahead," says Crunch.

And cum he does. I suck on his balls as hard as I can as I see shots of white, hot gism fly outta his cockhead. It splashes down across my face and Badass howls at the sight. More creamy cum shoots up from his nuts, coverin' his fist and runnin' down his dick 'til it's all slick and slimy. A gob of it creams over his ballsac and wets my lips.

With a loud moan, Badass shoots the last of his load, pulls his nuts from my mouth and stands up.

"Man o'man!!" he grunts. "That was a hellova studball suck!"

Now I see the other two RattleSnakes, Satan and Pisser, on either side of me, legs bent, muscles clenched, poundin' their meat like crazy. I can tell they wanna shoot real bad.

"Please, Sir!", I blurt out. "Can I jackoff now? Please, Sir!"

Crunch doesn't answer right away, but steps up between my legs.

"You wanna cum, boy? Is that what you want? Well, not yet, boy."

He raises one of his booted feet and puts it on my achin' prick, smashin' it down on my belly. I groan, my dick ready to explode. But he just scrunches it back and forth against my belly a few times with the sole of his boot, squeezin' out more of the clear, juicy stuff. When he lets up and goes back to just standin' there, my stomach's all shiny with slick puddles of dickjuice mixed with the gritty sand from the sole of his boot.

"My buddies here get their turn first, punk," he says. "M'right, guys? Go on, whack away and let 'im have it."

I look up at the blond and the tall dude, who both lean back, spread their legs and whack their meat for serious.

"Oh, yeah, here it cums, boss!" hollers Pisser. His milky-white boner squirts a load and a half in the air as he throws his head back and yells. Satan shoots his, too, and I can't tell whose cum is whose as it splatters down on me from both sides. They keep cummin' for a hell of a time, their nuts waggin' in the air, while gobs of their gism land on my cock and puddle on my chest. Some even hits me in the face. I'm so turned on by the sight I almost forget my own stiffer.

All three of the RattleSnakes have finally spent their peters. They sit in the sand around me, breathin' heavy, growlin' in sexy pleasure. I'm a fuckin'

"Ok, boy," Crunch says to me. "Now it's your turn. Hey, Badass, yank on his tits."

"Now we wanna see what you can do, punk. Shoot a big wad, a real good load, and maybe we'll let you join the club." He starts pullin' on his own drippin' pecker. "But don't cum 'til I tell ya. Got it?"

I start jackin' off as the buttplug massages my insides, all the while, I work on my meat. Feels real good. Fuckin' unbelievable! It's been almost an hour since I sprung my stiff, drippy boner. Even my ass is still stingin' from Crunch's hand.

"Yes, Sir," I yell.

"Yes, Sir! I like my buttplug, Sir!"

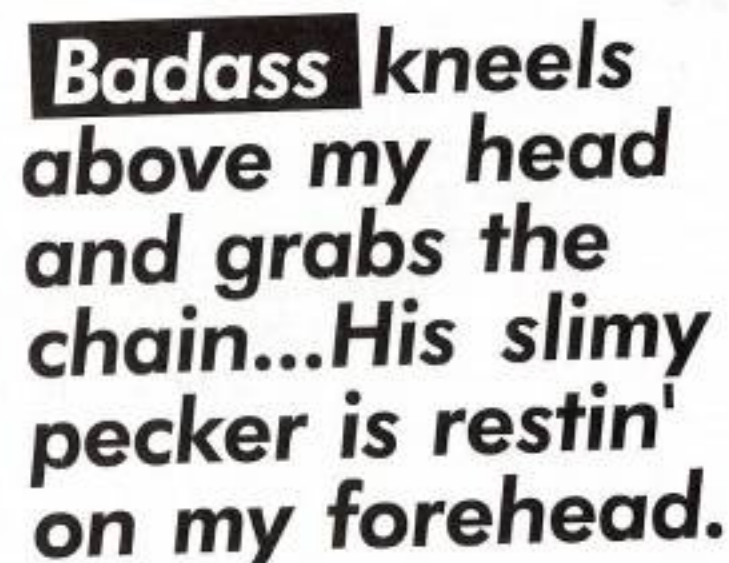

"Yes, Sir! I like jackin' off!"

"Ok, boy," he grunts, "let's do it. Let's shoot dicks. But when you shoot, I wanna hear you squeal. Got it? Give us a dirty, nasty, punk-cummin' squeal!"

ity through my whole body again.

"Yeah, boy, NOW! NOW!!
SHOOT IT AND SQUEAL!!!

Crunch cums, too. With a mighty yell, he jerks his whole body, throws his head back and explodes his mighty prick all over me. He's shakin' with lust as he looks back down at me, aims his hot squirtin' pecker and shoots some more, all over my cock and balls. The slippery feel of his cum on my

It seems like we cum fuckin' forever. Then we both collapse in the sand. Crunch kneels between my legs and rubs his leather hand all over my cum-covered crotch, spreading all that RattleSnake Peters gism around on my belly and chest. Man, now I'm really a fuckin' mess.

I open my mouth and stick out my

"Good boy," he says. "Look, guys, the punk's eatin' dickjuice. He digs that sweet, funky taste. Don'tcha, boy?"

Crunch is gettin' off on my playin' along. He grins, scoops up some more of that white gunk, and wipes it across my tongue. I pull it in and swallow.

"Yes, Sir!"

He gets up, kneels across my chest, lifts my head and sticks his flaggin'.

you pee all over yourself"

He gets down between my legs again and grabs ahold of my semi-hard pecker.

"Right, guys? We wanna see this."

"Yeah, boss," say the other RattleSnakes.

Crunch points my pecker at my face. "Let's see if ya can hit your mouth, boy."

I stare into his handsome, animal face, unsure.

"Common, punk," he coaxes. "Open your mouth real wide. Piss all ya want."

I can't believe myself. I open my mouth. Real wide. I can't hold it no longer. My dick lets go with a rush of yellow piss that arches in the air. Crunch aims my pissin' peter so the golden stream hits me right in my mouth. Badass, Satan, and Pisser cheer.

"That's it, boy," Crunch snickers. "Piss in your mouth, boy. Swallow it! Let's see ya drink yer fuckin' piss. Yeah, man, that's real, fuckin' pretty. Maybe we'll let you into the club."

He wags my dick a little, makin' it spray over my face, then aims it right back at my gapin' mouth.

I pee a lot, and swallow most of it. It tastes all beer-like and funky. And hell, I'm lovin' it! Some of my piss gurgles out the sides of my mouth and runs down my cheeks and chin.

Crunch grins when I'm finished, shakes my pecker like crazy, then lets it go.

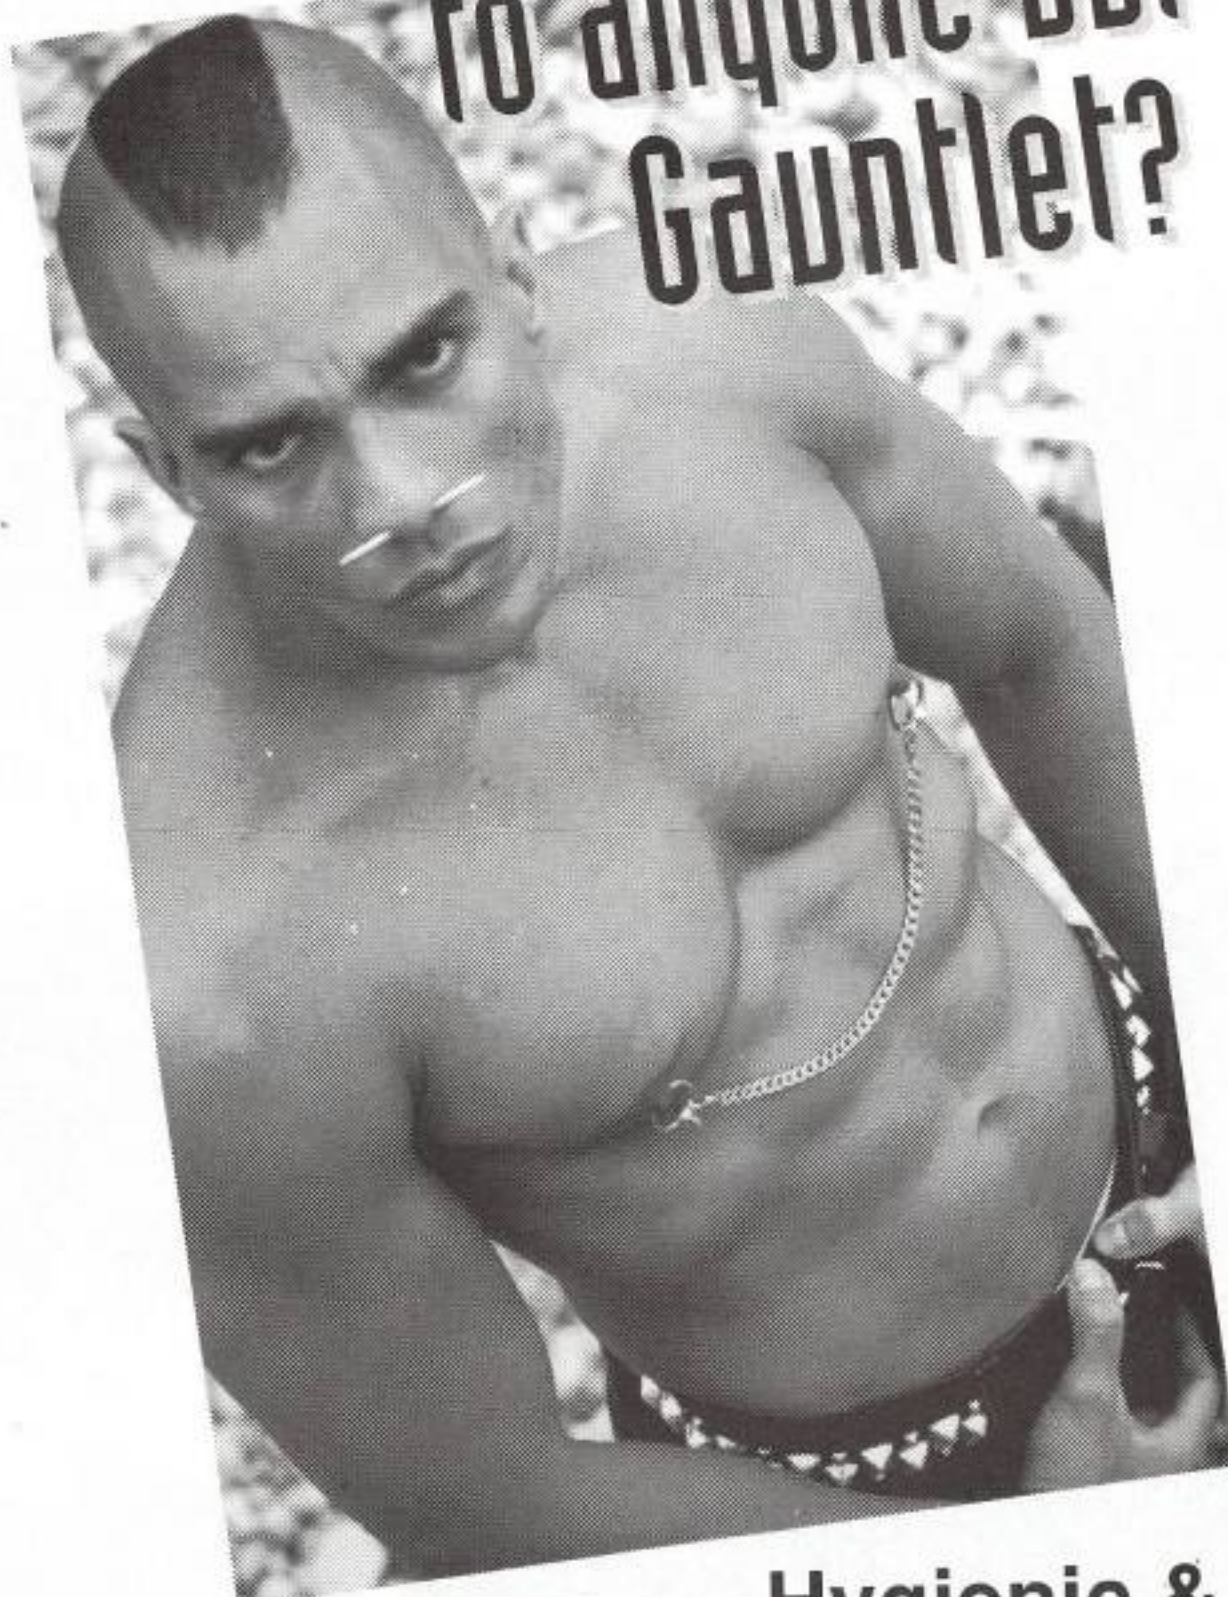

"Wow, boy! You're quite a show," he says, and pats me real nice on the ass. I go limp, totally spent and feelin' fine, while he begins untyin' me.

The other guys disappeared before I was loose. Crunch got a towel from the shed, threw it at me, and told me to get dressed. We rode back into town to get my bike. At his suggestion, we went back in the beer joint for another pitcher, though I smelled like a piss-hole and needed a shower. But nobody paid me no mind. We talked a long time, got to know each other a little better, and I told him where I was staying.

I really was in the club, he said, if I wanted to be. He told me there were some other heavy-duty, dirty guys beside the ones there tonight. And they often got together for lots of naked, dirty dickplay. Always different, but always fun.

At that very moment, I decided I wasn't going to mind being stuck out here for awhile. ■

Bored

You know, it's real fine to ride on a hot, summer day. There is nothing better for me than to hop on the old dinosaur Honda and clunk off down route 48 to Newcastle.

The sign says 55 m.p.h. but I can do better, the old V-Twin is still up to the challenge.

And me? I'm a young, beefy fucker, more than up to the challenge. My pumped up muscles are well-oiled. Every time I straddle my old workhorse bike, I'm ready for anything. I'm a fine-tuned, fuck machine that is in top working order and revved up for any kind of high-powered action! When I see my reflection, I know I am ready.

But when that biker passed me, there was no fuckin' contest.

and worked, and was all the better for it.

He, too, was used and worked, with a beer gut which stretched out the thin, cotton t-shirt, leather vest, the denim jacket with the sleeves slashed off, the greasy jeans which covered his meaty thighs, his grungy and heavy crotch, the stuck-out boots, just resting on the pegs. Dusty black leather, iron-toed, Vibram-soled, full of pig-biker-foot-type boots.

He scratched at his thick, red beard, the pouty man's lips just visible under the scruff. Did he look at me, through those mirrored shades? I dunno if he saw this kid in his leather jacket straddling an old CX-500, but he stuck out one gloved, tattooed arm in typical biker salute. I returned his signal with a thumbs up and a grin. As we passed each other I could hear the roar of his machine over the whine of my machine and then he was gone, leaving a heavy cloud of dust in his place. Small consolation.

Man, it's amazing what a gesture can say, how powerful it can be. As I rode along, I thought of that biker and what his gesture said when he stuck out his hand at me.

It was not just: "Hey, fellow biker on the road - hey!" It was more like: "Come to Papa. Come sit on this old bike's low-like-a-sling saddle. Come sit on this funky bit of biker crotch. Come play with this thick and chunky biker gut. Come play with this macho man's tits. Come sniff the cigar smoke in my moustache, in my red scratch beard. Let me work on your tits, suck on your neck, leaving red and purple bite marks. Oh fuck, pretty pig boy, come into my arms, pretty pig boy!"

That's what this heavily tattooed, black gloved, farmer's tanned arm said to me. Jesus, he had set things off in me. The "heat sweat" from the day was no comparison to the "sex heat" this daddy had produced.

There was absolutely nothing (and no one) in Newcastle. The neon green, crotchrocket racers hummed

into town, the two yuppies who owned Harleys were parading around the square. They had no clue!

I split, put off and humbled, thinking about that gruff, road soldier on his road eater. Thinking about riding down abandoned trails with him, through hick towns with him took me into another world.

My head was so full of him I almost didn't see the long-forked fucker bike in the parking lot of the

casual, I sat a stool or two down from him at the counter. In front of him lay the shades, his coffee cup, and a chewed cigar butt. I ordered a coke, watching him from the corner of my eye, content to just bask in his funky, radioactive presence.

"Took that turn pretty tight, huh kid?" he asked, his face still in the coffee.

I almost shit a brick! Damn! He saw my goof.

"I guess I wasn't paying much attention. Wasn't too bright."

"Gotta be more careful on the road. Come over here. Siddown."

I scrambled over, heart in my gut, cock in my mouth.

"Nice bike," I said, "and good custom work."

"Thanks. Yeah, it's what I want in a bike. I always try to get what I want."

With this he turned his shaggy head right at me and grinned. His eyes were bright and blue-grey. His lips through the fuzz were all smile and cigar juice. His teeth were stained.

I was caught in a trance. It seemed I could not take my eyes off of him. So distracted, it was a couple of seconds before I realized he was standing and tossing small change on the counter for the tip.

He grabbed his helmet and headed for the door. "Aren't ya comin'?" were his only

words to me.

Damn straight I was coming. In my pants, in my head. I left a dollar under my half drunk soda and ran out the door. The blast of heat hit my face like a brick wall.

As we got on our respective bikes and took off, I felt my two cylinders and their pistons were fucking the same way I wanted to get fucked. No muffler could contain the noise I would make when I shot through the exhaust. Not that I knew what the hell was going to happen with this bike-dad, pig-fucker. This could be just a joy ride with a fellow biker.

truckstop off Route 48. My tires squealed and I almost dropped my bike trying to make that turn too fast. Talk about dumb!

I pulled up next to the Shadow and looked through the diner window. There he was at the counter, his back towards me. His jeans barely covered his broad butt and the used, off-white jockstrap rode high enough, crowning his manly ass, you could easily climb into the crack of his hairy, sweaty cheeks.

He didn't look up as I came sauntering into the cool air of the diner but continued to sweat. Trying to be

We tore through the back roads outside Sunny Corners, went through the Eel Ground reserve, and slowed down only enough to ride the dusty, unpaved logging roads that lead far into nowhere.

When we finally stopped, we were so far out in the sticks I wasn't sure I had enough gas to get back home.

"S'okay", he said, "If anything, we'll buddy-breathe the bikes."

Buddy-breathe the bikes. I wondered what it would be like to buddy-breathe, french kiss, swap spit with him. He calmly lit up a fresh cigar all the while I was going crazy.

I stepped away into the bush, "To take a leak", I explained.

"Take yer time. Nothin' like a good pissin' and stretchin' yer meat in the fresh air."

Uh huh. But I couldn't open the gates, my dick was so hard. I couldn't get over the sound of his voice and the suggestive comment. I heard the bike creak as he shifted his weight to stretch out in the saddle.

"Hey kid," he called out, "Didn't I pass you on the road to Newcastle today?"

I fumbled with my button fly, my boner, my tongue. My mouth was like a dry sponge and I jabbered "Uh, yeah, I think so, could be, yeah."

"Turn around, kid."

I looked up, my fingers half in my pants, covered with (now flowing) piss. He was sprawled out on his low-slung Shadow, his beefy, tattooed arms outstretched.

"Come to Papa," was all he said.

Dripping, I walked over to him, dumbfounded. My prick bobbing as I walked.

He grinned at me through his smoky-red beard. Big fucking grin and mirrored shades.

"Come sit up here." He patted the seat right in front of his grungy, growing crotch.

I sat facing him, my thighs on his thighs. My dick, still wet, hanging out. It got harder, prodding at his denim bulge.

"You got any of that piss left, kid?", he asked as he took my hands and licked the acrid urine off each finger, the sweat and dust from the palms, giving my fingers a real tongue job. "Let it loose. I'll show ya. See?"

The growing wet spot on his jeans was evidence enough of what he was doing. Pissing in his pants! All over the seat of the bike! All over me!

I grunted and opened my bladder all the way. My cockhead flopped this

brightly marked flesh; tonguing, sucking, biting the salty skin, trying to fuck his very pores, to kiss each skull, lightning bolt, demon, dragon. I was in another world.

His fingers were working my tits to a slow boil kind of ecstasy. He'd twist them this way and that, pulling on them like they were rubber. When I gasped with a particularly savage twist, he slowed down then stopped. He started caressing them, tickling them with his moustache, flicking his tongue on them, only to then nip the same ends, bite them between his yellow teeth, singe them with his cigar - the ash being deposited in my wet shorts, him groping his own basket.

I had reached a point of no return. At this moment I would do or say anything! So I did.

"Open up that biker dick. C'mon, let this boy see it," I urged him. "Please, Sir."

He looked me in the eyes, over the shades. His expression was lewd and naughty as he rose in the seat and lowered the soaking jeans down from his hips to free up his cock and balls.

The beer can dick flopped out in its stout, fat glory. The head peeked out from under its moist hood. The piss-hole winked at me and trickled viscous pre-cum onto the black leather saddle.

His dick was shiny and smelled of motor grease - like he used 10W40 to

jack off with or something.

I grabbed the fat, slippery shaft. It was a real handful, I rubbed the sticky knob head all along my own turgid boydick. We started to thrust at each other, fucking my fist. Our balls slapped into each other, making soft, wet slapping sounds. I took off his shades and looked at his scruffy, sex-sweat face. He was deep in heat - as was I - and it showed.

He stuck his tongue out of that red-forest beard and pressed his lips to mine. Swapping spit, cigar juice, buddy breathing. I sucked at his neck. More grime and salt. He moaned as I

way and that, the recycled coke and morning coffee splashed against his belt buckle, my shirt, his vest. Pretty soon we were covered with dark patches of hot, steamy piss. He sucked on his cigar and blew fragrant smoke into the fumes of our combined fluids.

"Sure smells fine," he exhaled.

He opened my shirt as I roamed his arms, covered with tattoos and coarse fur.

"Been worked over a lot," he acknowledged.

"They're beautiful - they must taste good," I said, planting my lips on the

bit into his flesh, leaving marks.

"Ya go 'head, make yer pig daddy feel good. Ahh, pig boy!"

He pursed his lips and it looked like a virgin butthole in that fuzz. I slipped one finger, two fingers into that wet orifice, as he rolled his vest and t-shirt up under his armpits.

The big rings through his finger-like tits were the only shiny, clean things on this pig daddy. They were like the rings that go through a boar's snout which made big holes through his fat, fur-covered nipples. They looked more like small chest cocks!

He grabbed at them cock-tits as I pulled at the hair under his pits. I watched those big tits stretch out from his pecs, the holes big enough I could almost put my little finger through each one.

However, I was hungering for something more. My fingers were searching for a place that had never seen the light of day.

In the hairy, damp crevices behind him I could feel the hard laterals as well as the dust and grime from all his hard riding. It blackened under my fingernails and the scent as he took my hand and firmly guided it into his mouth was warm and piggish and smelled like a nasty biker.

He arched his back, thrusting his big organ under my ballsac and tickled my asshole, slick with piss.

"Grab hold of them handle bars, boy," this big mothah of a daddy ordered. "Don't let go."

I obeyed but wondered what was going on in that questionable mind of his.

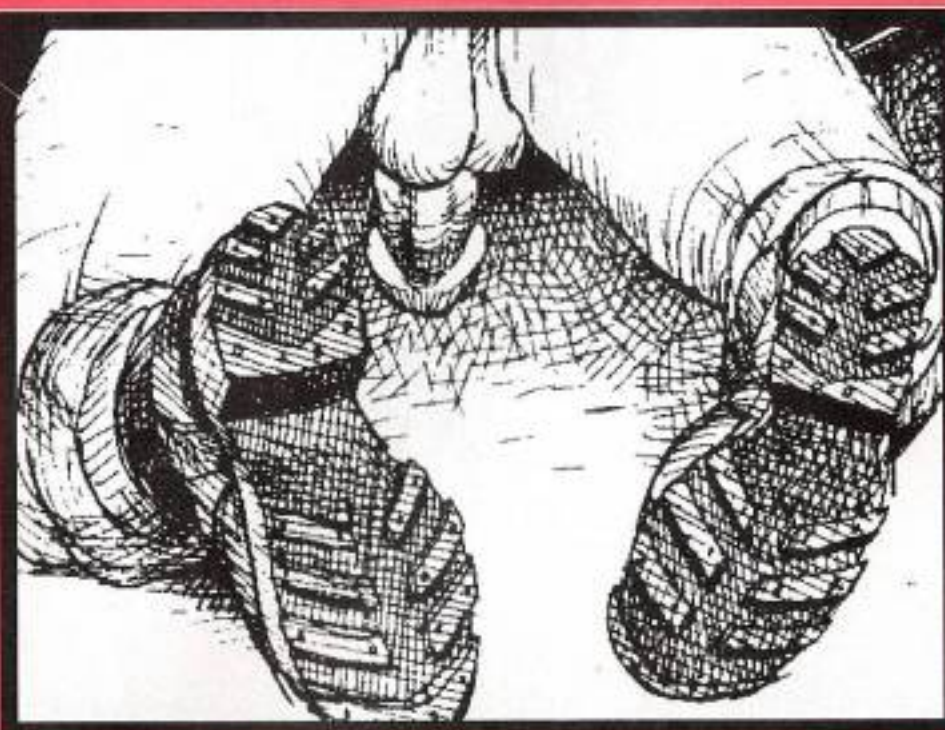

He reached into his vest pocket and pulled out a short, black leather strip and began to firmly tie it around my cock and balls.

Jeez, it made 'em tight and shiny-red. What next?

I didn't have to wait long for an answer. He flattened his hand and started to swat my throbbing cock like

it was a child's punching bag. Back and forth - back and forth. At first it hurt as his big paw slapped at it, but after a short while I began to feel that tingling sensation that had me thrusting my crotch forward for more.

SWAT! SLAP! SLAP! SWAT!! All I could do was "Hsss" through my teeth. I wouldn't dare let go of the handles for fear of my pig daddy's response. Looking into those blue-grey eyes, I saw the pleasure he was

experiencing.

Suddenly, he stopped. I moaned, hoping he would continue.

"We're gonna fuck now, kid," he commanded under his breath.

That stopped me in my tracks. I wanted him. This fine, road-eating, biker daddy, but that monster of his was way too wide to take up my hole! I just started to squirm from the thought of this brute of a biker forcing his battering ram into my hungry but very tight asshole.

I stared at his thick cock just flop-

ping back and forth, only to see him lift his legs over the bike and settle down with his ass, framed by that used and stained jock strap. All I could see was this incredible manbutt starring up at me!

As he made himself comfortable I could hear his dick slosh around the pool of piss in the middle of the leather saddle. He wiggled his firm buns at me and braced himself on the bike.

"Go 'head, kid," he said. "Show me what a pig boy can do. Gimme some bike pig action, 'kay?"

I slowly stuck my fingers in behind the warm elastic band and held onto the dirty jock, looked down at those fat, curly-haired asscheeks.

"Take a whiff of your bike daddy's chamber, boy. Lube it up just right."

I stuck my tongue out and dipped it down into the pink ring, all sweaty and oily. Gently, I started to lap at the tight, pouty muscle. Only when he reached over and shoved my nose halfway up his chute did I guess I was doing it wrong.

"Daddy doesn't have to show his pig boy everything, does he?" he barked. "Go on, do it right!"

With that I went right in, nibbling at the protruding anus, giving his cheeks love bites which would last for days. I found myself snorting into that deep, funky odor and loving every minute of it. I blew jets of air into his hole and followed it with a spit enema 'til his now open cunt drooled and burped the white mucous back at me.

All the while he grunted his approval, only to yelp or moan every once in a while. Soon his whole pelvis was bucking into my face for more.

My bound boner pulsed with the need of attention. The intense slobbering of my pig daddy's butt caused a steady stream of spit to drip down between my legs, splashing on my prick. I burrowed and stroked simultaneously, bringing us to a fevered pitch.

"C'mon, pig boy, I need more than a puny lickin' up that chute o' mine."

He arched his back even more so that his ass extended out towards me. "Give me what yer pig dick has been achin' to do, boy."

It was way past time for more serious "daddy-butt" action.

I eased myself up on the pegs. I hoped we didn't fall, but what the fuck did it matter. He was growling and muttering as his fat, skinned-back member humped his leather saddle of piss. I heard something about "two stroke, four stroke ... piston ... chamber ... compression ... compression ..."

With my swollen, tied-up rod at his spit-covered valve, I fell into him, right up to the root.

He howled, roared, shoved his ass up further on my cock and then moaned softly.

"Bore and stroke," he crooned, like a mantra, like a device to help take the greasy piston up his chute. "Bore and stroke!"

"C'mon, boy, show me what you do when you ride a pig machine."

I was not about to disobey. I reached under and hooked my fingers into the steel rings in his tits and pulled until his back arched upwards and the sound from his guts was that of a ready and waiting engine.

Here was my custom machine. A boy's true road machine. I slid my drive shaft into that warm, lubed-up shithole. Already I could hear the motor roar to life. I could feel it vibrate and rock beneath me.

I rocked back and forth into his willing fuckhole while it sucked at the shaft, milked it, released it. The engine turned over and did it again. His tailpipe slammed into my pubes, his balls mashed into the seat and still we fucked on.

I was gaining momentum, falling into his ass only to be bucked and thrown almost out of his powerful butt. I shoved air up there. I could feel my supercharged piston dig a little deeper with each stroke. The bike rocked precariously but never fell. I knew we were reaching the point of overdrive, the sparks were going off in his oily chute like crazy. His ass slips rode steadily along my dick. He was close. I was close.

Our mutual fucking went faster and stronger, faster and stronger. I felt the juice/oil pressure rise up in my tight nuts even as he ground his throbbing fuckpole, stickshift against the piss-drenched leather. He was fucking his bike seat as hard and fast as I was

fucking him.

"Do it kid! Just flood your bike daddy with man-spunk. Do it! Do it!! Do it!!!" he howled.

He carried us both off the seat as his fat, throttle cock pelted wads and ropes of his white, creamy load. It smacked into the saddle, onto the fender, onto the muffler and I could hear it sizzle from the hot metal. Even as he shot, his well-worked ass chute sucked the cum right out of me. I felt my whole bike pig soul spew through my piss slit, into his insatiable hole.

We fell back, wasted, onto the Shadow. My spent dick slipped out to nestle on his sticky ballsack. I felt the gentle oozing of cum and spit as it dribbled from his hot tailpipe onto our pressed-together pricks. We lay there, the hot sun beating down on us, my tummy, sweaty and slick from the cum mixture, stuck to the fuzzy small of his back. I couldn't move, even if I wanted to.

Turning around, he reached for my semi-hard prick and untied it from its leather wrapping. It felt good to be released, in more ways than one!

Finally, I whispered, "Did I ride the pig machine, Dad? Did I run you good, Sir?"

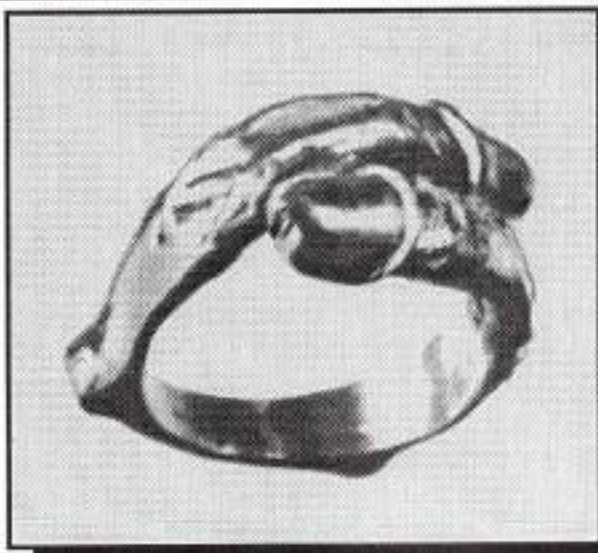

He turned, looked at me and grinned. Piss-drenched beard, yellow teeth, blue-grey eyes.

"Vroom," was all he said.

You know, it's fine to ride on a hot, summer day. ■

SHAVED DOWN

A hot, hard beauty. Dylan submits to nearly endless cruel positions of rope bondage, heavy irons, bit gags, tit clamps, and more. Master David gradually shaves the lad's entire body and head. When finished Dylan is smooth as can be. These two are exceptionally hot together!

ROPED AND DRILLED

Master Lash ropes and dominates 6'4" Dustin Lee. Dustin is a steamingly hot sex slave. Lash skillfully trains his lad to obey through bondage and discipline. Dustin serves in half a dozen tight bondage positions.

ROPED AND PUMPED

It took a firm and experienced hand to control this big stud. Rick Pantera is all the rage, and here he submits to a trial period as a sexual slave. Kept roped, chained, and gagged, the lad is used for Master David's sexual pleasure. This is Rick as you won't see him anywhere else!

THIRTY DAY TRIAL

Aladdin came to us in a very needful state. He submits to Cougar Cash and finds himself wildly turned on to his slavery. Aladdin struggles to serve, revealing the natural slave. He was ultimately unable to contain his load.
